

"Wick, are you okay?" asked the little girl looking down at him.

Wick opened his eyes. He had a splitting headache. He checked himself over. His heart was slow. "Normal," he thought. He had always had a slower heartbeat.

The little girl was still looking down at him. Uneasily, he got up. He stood on one leg, then the other. He looked around, taking in the simple atmosphere around him. He was in a small room with a twin-sized bed behind him. There was a single window that looked out onto the street outside. "Cozy place," he muttered.

He looked at the little girl. She looked at him with a blank stare, not knowing what to make of him. Wick, knowing how easily humored little girls were, shook himself like his limbs were made of jello.

The little girl giggled. Then, the giggling stopped as she looked at him with severe concern. The type of concern that only a five-year-old girl could show.

He lifted his hand to where his head was throbbing. He pulled it back. No blood was found.

Wick knew how little five-year-old girls liked to play imaginary games.

"Lead the way!" He said, smiling brightly. They stepped out of the room through a door that led to a kitchen which, in turn, led outside onto the sidewalk.

Still looking very concerned, the little girl pulled him towards the doctor's office just across the street.

"Hold on," Wick said concernedly. "We've got to look both ways first."

The little girl looked at him, nodded with a ferocious intensity that only a five-year-old girl could pull off, and looked both ways. She looked back at him, and he nodded his approval.

They walked across the street and stepped into a building made of brick and mortar. As soon as they walked in, the first thing Wick noticed was the polished wood floors. He looked around and saw three couches and what he presumed to be a reception desk. The desk itself was of darker, older wood, but polished without fault.

Still, hand-in-hand, they approached a desk where a man who seemed to have been on

On Neurogenic Communication Disorders: Original Short Stories and Case Studies Dennis C. Tanner,2012-09-26 On Neurogenic Communication Disorders Original Short Stories and Case Studies is a unique book It is a collection of short stories and case studies about persons with neurogenic communication disorders The short stories are based on people I have known as friends acquaintances or patients The characters in the short stories are based on one person or a composite of several individuals I have placed these characters in interesting fictional situations which provide a vehicle for showing their mettle in dealing with their communication disorders and life challenges The case studies are based on actual clinical cases and situations but literary license has been taken to make them reader friendly and interesting This book of short stories and case studies is not a scholarly clinical treatise on neurogenic communication disorders nor does it aspire to be one While I believe it provides accurate information about neurogenic communication disorders it is a work of fiction and simply a different vehicle for understanding these complex and often devastating medical conditions *The Editor; the Journal of Information for Literary Workers* ,1897
