Belete,Warren A. Shipton,2011-09-19 One of the most fascinating periods of history must certainly be around the time of Daniel the prophets time sixth and fifth centuries B C It was then that many of the philosophies that were to exert a telling influence on Western thought and Christianity arose This is the period when Buddha Confucius Lao Tzu Zoroaster and Pythagoras developed their ideas In this book we consider the coded messages written by Daniel and later by the apostle John preserved in the Bible History offers outstanding confirmation of the accuracy of their predictions We indicate how past and developing world events fit into the fabric of prophecy Perfectibilists Terry Melanson,2011-12-01 Presenting an advanced and authoritative perspective this definitive study chronicles the rise and fall of the Order of the Illuminati a mysterious Enlightenment era guild surrounded by myth Describing this enigmatic community in meticulous detail more than 1 000 endnotes are included citing scholars professors and academics Contemporary accounts and the original documents of the Illuminati themselves are covered as well Copiously illustrated and featuring biographies of more than 400 confirmed members this survey brings to light a 200 year old mystery **609 Pages of Horse Shit** Scott Barry,2019-05-04 This is our binary copy stack of 609 pages of utter horse shit and what seems like an accumulation of content that is far underground and censored not shown on Media Relations TV or Radio or even the crap CIA 8080 World Wide Wiretap A History of the Apocalypse Catalin Negru,2023-01-20 Religion For thousands of years this thing has dictated which people should live and which people should die what shape our buildings should have or what colors our garments should contain what food people should eat or what words people should speak If religion is the opium of the masses then beliefs about the end of the world are like overdoses People touched by such beliefs no longer rely on a hidden personal and intimate god contemplated upon from the safe distance of the beating human heart They live with the promise of divine intervention at a grand scale on the current coordinates of space and time This can be an exceptional motivator and a game changer in terms of civil obedience both at an individual and collective level In the name of an immediate and palpable deity people can commit shocking cruelties However such belief can also account for some of the most exceptional social developments in human history
