In this expanded edition James Crenshaw takes stock of the wealth of new material produced by contemporary interpreters. Liberation and feminists critics scholars in comparative religion specialists in devotional theology and researchers exploring educational systems in the ancient Near East all have enriched our understanding of wisdom literature in recent years and all receive insightful treatment in this new volume. Now as before Crenshaw's Old Testament Wisdom is an invaluable asset for anyone wishing to understand the rich and complex legacy of wisdom literature.

**Old Testament Wisdom** James L. Crenshaw, 2010-01-01 For decades James Crenshaw's Old Testament Wisdom has been the premier introduction to the wisdom books of the Old Testament. That tradition continues with this newly updated edition. This popular textbook introduces readers to the wisdom tradition as well as the biblical books of Proverbs Job Ecclesiastes Sirach and the Wisdom of Solomon. In addition Crenshaw has expanded the discussion to include sapiential works from the Dead Sea Scrolls, the impact of wisdom traditions on the New Testament writers and a new chapter on knowledge about God and the ancient sages understanding of revelation. He provides expert analysis of the legacy of wisdom in other parts of the canon and in other cultures offering new insights and fresh perspectives that can only come from one so well versed on the significance of Old Testament wisdom.
