*Word-of-Mouth in Contemporary Hollywood* Simon Hewitt, 2023-07-26 Word of Mouth in Contemporary Hollywood provides a unique insight into the potential for online communication to enable audiences to exert a greater impact on film industrial practices than ever before. In an overarching analysis of contemporary Hollywood film financing, marketing, distribution and exhibition practices, Simon Hewitt recontextualises word of mouth in light of social media and examines the growing impact of audience participation. Using a Bourdieconomic approach, he applies qualitative research methods to better understand the contemporary Hollywood film audience, the contemporary Hollywood film industry and the mechanisms that connect the two. The book explores new film financing mechanisms that incorporate fans into the packages used to secure production funds. It assesses the role of Grassroots Intermediaries in contemporary film marketing campaigns. By helping to bridge the gap between the gift economy and commodity culture, this book will appeal to students and scholars of media industry studies, media finance and economics, fan and audience studies, film studies, film history and media marketing.
