Pop Music, Pop Culture Chris Rojek, 2011-06-13 What is happening to pop music and pop culture Synthesizers samplers and MIDI systems have allowed anyone with basic computing skills to make music Exchange is now automatic and weightless with the result that the High Street record store is dying MySpace Twitter and YouTube are now more important publicity venues for new bands than the concert tour routine Unauthorized consumption in the form of illegal downloading has created a financial crisis in the industry The old postwar industrial planning model of pop which centralized control in the hands of major record corporations and divided the market into neat segments is dissolving in front of our eyes This book offers readers a comprehensive guide to understanding pop music today It provides a clear survey of the field and a description of core concepts The main theoretical approaches to the analysis of pop are described and critically assessed The book includes a major investigation of the revolutionary changes in the production exchange and consumption of pop music that are currently underway Pop Music Pop Culture is an accomplished magnetically interesting guide to understanding pop music today

Billboard ,2004-01-10 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends Four Corners Level 3 Full Contact B with Self-study CD-ROM Jack C.
