known are the events affections and social relations that took place in the life of Leonardo's presumed model for the painting. She was a young woman from Florence already the mother of several children generous and noble in spirit according to her husband. For centuries as the Florentine art historian Giorgio Vasari claimed the Mona Lisa was considered the portrait of Lisa Gherardini the wife of Francesco del Giocondo but the theft of the painting from the Louvre in 1911 and the press campaign that followed ended by bringing the identity of the woman into question fueling a debate that is still ongoing. The accounts and documents referred to in this book clarify the question as a result of which it is difficult not to side with Vasari's supporters that the lady in question was actually Mona Lisa Gherardini. The main characters in this story are Lisa her husband Francesco and Leonardo da Vinci. The setting is Renaissance Florence a city still rich and home to cultural and artistic movements of international renown. The book is in two parts the first tells the political and cultural history of Florence the second is a small fresco of life in the city in which the lives of Lisa Gherardini and Francesco del Giocondo cross with those of other famous Florentines.

**BOOK JACKET** **Fodor's China** Nancy Van Itallie, 1998 The Cultural Revolution was a watershed event in the history of the People's Republic of China the defining decade of half a century of communist rule. Before 1966 China was a typical communist state with a command economy and a powerful party able to keep the population under control. But during the Cultural Revolution in a move unprecedented in any communist country Mao unleashed the Red Guards against the party. Tens of thousands of officials were humiliated tortured and even killed. Order had to be restored by the military whose methods were often equally brutal. Roderick MacFarquhar and Michael Schoenhals explain why Mao launched the Cultural Revolution and show his Machiavellian role in masterminding it which Chinese publications conceal. In often horrifying detail they document the Hobbesian state that ensued. The movement veered out of control and terror paralyzed the country. Power struggles raged among Lin Biao Zhou Enlai Deng Xiaoping and Jiang Qing Mao's wife and leader of the Gang of Four while Mao often played one against the other. After Mao's death in reaction to the killing and the chaos Deng Xiaoping led China into a reform era in which capitalism flourishes and the party has lost its former authority. In its critical analysis of Chairman Mao and its portrait of a culture in turmoil Mao's Last Revolution offers the most

authoritative and compelling account to date of this seminal event in the history of China.
