**Functionality, Availability, and Equity Inclusion** Brian J. Kozumplik, 2023-01-19 As unprecedented growth in EV sales is expected and the number of public charging stations must be planned accordingly as charger up time and functionality i.e. availability is the number one factor for users once the charging system is installed. Electric Vehicle Intended Functionality Availability and Equity Inclusion informs current customers and potential purchasers of functionality, availability, and equity inclusion issues with EV charging systems currently in production and in use across North America and Europe.
