Odins Way In The Modern World:

Odin's Ways Annette Lassen, 2021-12-24 This book is about the Old Norse god Odin It includes references to all occurrences of Odin in the Old Norse Icelandic texts including Saxo's Gesta Danorum the eddic poems Snorri's Edda and Ynglinga saga and analyses the high medieval reception and literary representations of Odin rather than the religious character of the god This is the only existing study of Odin in all the Old Norse Icelandic texts and applies a contextual method the different guises of Odin are studied on the basis of the various textual contexts and on their background in the literary and Christian intellectual milieu of the time Contrary to existing studies this method is non reductive in that it does not aim at providing a synthesis about Odin's original nature on the basis of the differing textual uses of Odin in the Middle Ages The book argues that the perceived complexity of Odin often highlighted in research is first and foremost a function of the complex textual material spanning a wide variety of genres each with its particular literary conventions and of the reception of Odin in early modern and modern mythological studies *A Retrospective View and Account of the Origin of the Thet Maha Ch'at Ceremony (Maha Jati Desana)* Gerolamo Emilio Gerini, 1892 Odin's Way in the Modern World Wayland Skallagrímsson, 2013-11 Odin's Way in the Modern World is a meditation on the Odinic path from one who has been dedicated to this god for decades Beginning with such topics as Odin's heiti or names his relationship with women and his never ending quest for knowledge and power the text delves into the hardships of serving Odin and the author's own long term personal relationship with this complex deity Drawing on examples from history and saga he examines what being an Odinst meant to the ancient heathens and then suggests how those who worship him now must adapt these core values to modern times just as the god himself has changed over time The book concludes with a series of runic poems in honor of the many aspects of Odin *Medievalism in the Modern World* Richard J. Utz, T. A. Shippey, 1998 The twenty six essays in this volume examine the process of creating the Middle Ages In doing so they honour Leslie Workman who has led the revival of the study of medievalism in the past two generations and leads this sub discipline towards the comprehensiveness that Lord Acton as early as 1859 had promised Two great principles divide the world and contend for the mastery antiquity and the Middle Ages These are the two civilizations that have preceded us the two elements of which ours is composed All political as well as religious questions reduce themselves practically to this This is the great dualism that runs through our society While using different approaches and discussing topics in a variety of specialised fields the contributions clearly centre on negotiating the reception of medieval culture in the Early Modern Modern and Contemporary periods thus presenting a broad and representative picture of current research in medievalism Contributors include Tabula Gratulatoria Leslie Workman Richard Utz and Tom Shippey *Medievalism in the Modern World* Introductory Perspectives Theresa Ann Sears *The Anxiety of Authority and Medievalizing the New World* Richard Osberg *Humanist Allusions and Medieval Themes The Receiving of Queen Anne* London 1533 John Simons Christopher Middleton and Elizabethan Medievalism Bernard Rosenthal
