## **Oedipus Philosopher Oedipus Philosopher:**

**Oedipus, Philosopher** Jean-Joseph Goux, 1993 If the logic of the Oedipus myth were subjected to rigorous and thoroughgoing analysis with the tools of anthropology comparative mythology and narratology might it invalidate the approach to the Oedipus complex that Freud derived from his psychoanalytic experience This book answers yes arguing that instead of the Oedipus complex explaining the myth the Oedipus myth explains the complex The author argues that the Oedipus myth is an historical anomaly a myth of failed royal investiture or of avoided masculine initiation Does this mean that we must return to the wisdom of tradition and strike out twenty five centuries of Oedipal history The author knows very well that such a solution would be fantasy and he concludes by speculating on how his analysis might contribute to a vision that has eluded Freudian psychoanalysis how to surpass the Oedipus complex with all the ethical consequences this would entail

**The Oedipus Plays of Sophocles** Paul Woodruff, 2018-07-02 Oedipus presents ceaseless paradoxes that have fascinated readers for centuries He is proud of his intellect but he does not know himself and succumbs easily to self deceptions As a ruler he expresses the greatest good will toward his people but as an exile he will do nothing to save them from their enemies Faced with a damning prophecy he tries to take destiny into his own hands and fails Realizing this he struggles at the end of his life for a serenity that seems to elude him In his last misery he is said to illustrate the tragic lament that it is better not to be born or once born better to die young than to live into old age Such are the themes a set of powerful thinkers take on in this volume self knowledge self deception destiny the value of a human life There are depths to the Oedipus tragedies that only philosophers can plumb readers who know the plays will be startled by what they find in this volume There is nothing in literature to compare with the Oedipus plays of Sophocles that let us see the same basic myth through different lenses The first play was the product of a poet in vibrant late middle age the second of a man who was probably in his eighties with the vision of a very old poet still at the height of his powers In the volume s introduction Paul Woodruff provides historical backdrop to Sophocles and the plays and connections to the contributions by philosophers and classicists that follow *The Oedipus Complex* Seymour Keitlen, 2003-11 This small text is a study of the Oedipus Complex in the work of Sigmund Freud creator of psychoanalysis The Oedipus Complex is a theory about the mental life of the child Briefly summarized it postulates that in early childhood between the ages of two to six the child develops two emotional ties with its parents a tie that is purely affectionate with the parent of the opposite sex and a hostile tie to the parent of the same sex who is perceived as a rival At the end of his career Freud made the dramatic statement if psychoanalysis could not claim any other achievement beside the discovery of the repressed Oedipus Complex this alone would give it the right to a place among the new and precious conquests of humanity Anti-Oedipus Gilles Deleuze, Félix Guattari, 2004-09-01 A major philosophical work by perhaps the most brilliant philosophical mind at work in France today Fredric Jameson Gilles Deleuze 1925 1995 was Professor of Philosophy at the University of Paris VIII He was a key figure in poststructuralism and one of the most influential

philosophers of the twentieth century Felix Guattari 1930 1992 was a psychoanalyst at the la Borde Clinic as well as being a major social theorist and radical activist Anti Oedipus is part of Deleuze and Guattari s landmark philosophical project Capitalism and Schizophrenia a project that still sets the terms of contemporary philosophical debate Anti Oedipus is a radical philosophical analysis of desire that shows how we can combat the compulsion to dominate ourselves and others As Michel Foucault says in his Preface it is an Introduction to Non Fascist Living Preface by Michel Foucault Translated by Robert Hurley Mark Seem and Helen R Lane The Anti-Oedipus Papers Felix Guattari, 2006-03-03 Notes and journal entries document Guattari and Deleuze s collaboration on their 1972 book Anti Oedipus The unconscious is not a theatre but a factory wrote Gilles Deleuze and Felix Guattari in Anti Oedipus 1972 instigating one of the most daring intellectual adventures of the last half century Together the well known philosopher and the activist psychiatrist were updating both psychoanalysis and Marxism in light of a more radical and constructivist vision of capitalism Capitalism is the exterior limit of all societies because it has no exterior limit itself It works well as long as it keeps breaking down Few people at the time believed as they wrote in the often quoted opening sentence of Rhizome that the two of us wrote Anti Oedipus together They added Since each of us was several that became quite a crowd These notes addressed to Deleuze by Guattari in preparation for Anti Oedipus and annotated by Deleuze substantiate their claim finally bringing out the factory behind the theatre They reveal Guattari as an inventive highly analytical mathematically minded conceptor arguably one of the most prolific and enigmatic figures in philosophy and sociopolitical theory today The Anti Oedipus Papers 1969 1973 are supplemented by substantial journal entries in which Guattari describes his turbulent relationship with his analyst and teacher Jacques Lacan his apprehensions about the publication of Anti Oedipus and accounts of his personal and professional life as a private analyst and codirector with Jean Oury of the experimental clinic Laborde created in the 1950s **Philosophers and Thespians** Freddie Rokem, 2010 This book investigates the discursive practices of philosophy and theater performance on the basis of actual encounters between representatives of these two fields *The Anti-Oedipus Complex* Rob Weatherill, 2017-02-17 The Anti Oedipus Complex critically explores the post 68 dramatic developments in Freudian Lacanian psychoanalysis and cultural theory Beginning with the decline of patriarchy and the master exemplified by Freud s paean for the Father the revolutionary path was blown wide open by anti psychiatry schizoanalysis and radical politics the complex antimonies of which are traced here in detail with the help of philosophers such as Nietzsche Baudrillard Levinas Steiner i ek Badiou Derrida and Girard as well as theologians analysts writers musicians and film makers In this book Rob Weatherill starting from the clinic considers the end of hierarchies the loss of the Other new subjectivities so called creative destruction the power of negative thinking revolutionary action divine violence and new forms of extreme control The book raises the following questions Does the engagement of the Radical Orthodoxy movement offer some hope Or should we re situate psychoanalysis within a genealogy of responsibility Pato ka Derrida as it emerges out of the sacred demonic via Plato and

Christianity The Anti Oedipus Complex will be of interest to psychoanalysts psychotherapists counsellors social workers and scholars in critical theory philosophy cultural theory literary theory and theology

*Searching for Oedipus* Kenneth Glazer, 2018-09-15 Aristotle considered it to be the model on which all other tragedies should be based Freud viewed it as the key to unlocking the subconscious Countless others have agreed with D H Lawrence's assessment that it is the finest drama of all time It is *Oedipus Rex* one of the most celebrated and disputed works in all of Western literature For centuries classicists psychologists philosophers and many others have tried to solve the Riddle of Oedipus the age-old puzzle of what Sophocles's masterpiece means and why it is so singularly mesmerizing In *Searching for Oedipus* Kenneth Glazer offers a fresh and personal way of looking at *Oedipus Rex* by recounting what *Oedipus Rex* has meant to him at different points in his life and how gradually over many years he came to answer this ancient riddle for himself Along the way *Searching for Oedipus* shows just how deeply *Oedipus Rex* is embedded in our cultural DNA and how strongly its influence continues to be felt Both a valuable resource for scholars and a riveting accessible analysis for the general reader *Searching for Oedipus* brings to life a work of art that even after 2 500 years still retains the power to shock and inspire

**Greek Tragedy and Political Philosophy** Peter J. Ahrensdorf,2009-04-06 In this book Peter Ahrensdorf provides a sustained challenge to the prevailing view that Sophocles is an opponent of rationalism **The Transactions of the South African Philosophical Society** ,1884 **Essential Philosophy** James Mannion,2006 Everything You Need to Understand the World s Greatest Thinkers Lotze's System of Philosophy: Logic in three books of thought, of investigation, and of Knowledge Hermann Lotze,1884 *Philosophical Topics* ,1983 Vols for 1981 include the proceedings of the Southwestern Philosophical Society **Transactions of the South African Philosophical Society** Royal Society of South Africa,1878 List of members in v 1 3 6 9 11 14 16 18 Radical Philosophy ,2005 *Oedipus, King of Thebes* Sophocles,2025-07-31 *Oedipus King of Thebes* by Sophocles stands as the quintessential Greek tragedy a profound exploration of human destiny moral complexity and the intricate relationship between individual agency and predetermined fate Written in the 5th century BCE this seminal work represents the pinnacle of classical Greek dramatic literature offering a timeless narrative that continues to resonate with audiences across centuries Set in the ancient city of Thebes the play follows King Oedipus a legendary ruler confronting a devastating plague that has struck his kingdom Driven by his inherent nobility and intellectual curiosity Oedipus embarks on a relentless quest to uncover the truth behind the city s suffering unaware that his investigation will lead to his own catastrophic self discovery Sophocles masterfully constructs a narrative that explores the complex interplay between human free will and divine prophecy The story revolves around a prophecy that Oedipus will kill his father and marry his mother a fate he attempts to escape by leaving his presumed birth parents Ironically his very actions to avoid this destiny become the mechanism of its fulfillment creating a profound philosophical meditation on predestination and individual choice The dramatic tension builds as Oedipus gradually uncovers the horrifying truth of his origins Adopted as a child he learns that he unknowingly fulfilled the oracle s prophecy he has indeed killed his biological father and married his mother This revelation represents a pivotal moment in dramatic literature a complex psychological unraveling that challenges fundamental concepts of identity morality and human understanding Sophocles characterization of Oedipus is revolutionary He is not a passive victim but an active intelligent protagonist whose very virtues his determination intelligence

and moral courage become the instruments of his tragic downfall His relentless pursuit of truth initially presented as a noble quest ultimately leads to his complete psychological and social destruction The play s exploration of blindness both literal and metaphorical becomes a powerful symbolic motif Ironically Oedipus who prides himself on his intellectual clarity remains metaphorically blind to his true identity until the devastating moment of revelation In a profound act of self punishment he subsequently blinds himself physically transforming his internal psychological trauma into a literal manifestation Structurally Oedipus King of Thebes represents the epitome of classical dramatic form Sophocles employs dramatic irony with extraordinary sophistication allowing the audience to understand the tragic implications long before the protagonist This technique creates a complex emotional landscape where viewers simultaneously experience anticipation dread and profound empathy The play also serves as a critical examination of leadership social responsibility and the nature of human knowledge Oedipus emerges as a complex political figure a leader genuinely committed to his people s welfare yet ultimately unable to escape the broader cosmic forces that shape human existence Philosophically the work raises fundamental questions about human agency divine intervention and the limits of human understanding It challenges simplistic notions of moral responsibility suggesting that human beings are simultaneously architects and victims of their own destinies Beyond its immediate narrative Oedipus King of Thebes has profoundly influenced subsequent literature psychology and philosophical thought Sigmund Freud s famous Oedipus complex directly derives from this narrative demonstrating the play s enduring psychological and cultural significance A timeless meditation on knowledge fate and human vulnerability Oedipus King of Thebes continues to challenge provoke and illuminate the fundamental mysteries of human existence
