Off-hire in Merchant Shipping Xiankai Zhan, Pengfei Zhang, 2025-11-24 Readers of Off hire in Merchant Shipping Law and Practice will gain a comprehensive understanding of off hire clauses their legal and practical implications and how they function to balance the interests of shipowners and charterers in maritime shipping The book provides valuable insights into the mechanisms used to allocate losses resulting from delays and the contractual provisions governing these situations For practitioners this book solves the problem of navigating the complexities of off hire clauses in maritime contracts by presenting the information in an accessible manner It equips them with the knowledge required to effectively manage disputes understand the rights and obligations of involved parties and ensure the smooth operation of commercial relationships The book s unique feature is its reader friendly approach to explaining the intricacies of off hire clauses and maritime law making it suitable for both professionals and those who are new to the field This approach addresses the challenge of accessibility often faced by readers when dealing with complex legal topics ensuring they can efficiently apply the acquired knowledge in practice Written for ship owners ship charterers ship managers maritime investors bankers and financial institutions maritime lawyers maritime insurers policy makers and practitioners the book will also be relevant to postgraduate and PhD students researchers and academics active in this field

The Routledge Handbook of Polar Law Yoshifumi Tanaka, Rachael Johnstone, Vibe Ulfbeck, 2023-07-25 Polar law describes the normative frameworks that govern the relationships between humans States Peoples institutions land and resources in the Arctic and the Antarctic These two regions are superficially similar in terms of natural environmental conditions but the overarching frameworks that apply are fundamentally different The Routledge Handbook of Polar Law explores the legal orders in the Arctic and Antarctic in a comparative perspective identifying similarities as well as differences It points to a distinct discipline of Polar law as the body of rules governing actors spaces and institutions at the Poles Four main features define the collection the Arctic Antarctic interface the interaction between global regional and domestic legal regimes the rights of Indigenous Peoples and the increasing importance of private law While these broad themes have been addressed to varying extents elsewhere the editors believe that this Handbook brings them together to create a comprehensive if never exhaustive account of what constitutes Polar law today Leading scholars in public international and private law as well as experts in related fields come together to offer unique insights into polar law as a burgeoning discipline

Charterparties Barış Soyer, Andrew Tettenborn, 2017-12-06 This book consists of edited versions of the papers delivered at the Institute of International Shipping and Trade Law s 12th International Colloquium at Swansea Law School in September 2016 Featuring a team of contributors at the top of their profession both in practice and academia these papers have been carefully co ordinated so as to ensure to give the reader a first class insight into the issues surrounding charterparties The book is set out in three parts Part I offers a detailed and critical analysis of issues of contemporary importance concerning time charters Part 2 carries out a similar

analysis with regard to voyage charterparties Part 3 deliberates issues common to both type of charterparties Offering critical analysis of contemporary legal issues on charterparty contracts this book considers recent legal and practical developments and is therefore essential reading for both professional and academic readers with an interest in charterparties

Ship Operations Baris Soyer, Andrew Tettenborn, 2020-12-01 This book covers in one handy volume all the major topics associated with ship operations Carefully co ordinated to ensure breadth relevance and lack of overlap the topics covered are addressed by authors are the very top of their profession whether in legal practice or academia and are presented in a manner which is topical and clear Part I offers a detailed and critical analysis of issues of contemporary importance concerning new liability regimes and developments Part 2 discusses how parties in particular ship operators attempt in contemporary practice to allocate their risks concerning ship operations Part 3 evaluates the legal position of those involved in more back office operations The book provides an invaluable guide to recent legal and practical developments and offers a comprehensive well informed and thoroughly practical guide on what is a very complex and developing area of law It will therefore be of great use to legal practitioners and administrators of ship operations worldwide as well as students in this area and academics associated with maritime law generally *Current Law Index* ,2003 **The Artizan** ,1861 *Index to*

Legal Periodicals & Books ,2003 *Carbon-Free Shipping and Shipping Carbon* Stephen Girvin, Vibe Ulfbeck, 2024-08-22 This book explores the private law implementation of the new international and EU regulatory framework targeting decarbonisation in the shipping industry Compared with other sectors the shipping industry has traditionally been labelled a slow mover concerning the sustainability agenda However new regulatory measures on carbon reduction both internationally and in the EU require fundamentally new developments in the industry This book focuses on the goal of carbon reduction from a private law perspective and considers how the new regulatory framework can be implemented in the shipping industry This book studies existing contractual provisions in charterparties and bills of lading alongside new contractual model clauses designed to facilitate carbon reduction It considers how the new clauses should be interpreted whether they will transform traditional shipping contracts into more collaborative contracts and how they will interact with other clauses in the contract and with other contracts in the supply chain The contractual analysis is considered in context reflecting on enforcement issues such as Port State Control PSC the Poseidon Principles and climate change litigation The book also analyses the related topic of shipping contracts for carbon storage as a necessary means of meeting carbon reduction targets The book is intended to pave the way for understanding how core shipping contracts can work in this new context and the extent to which the new types of clauses will profoundly transform contracts It presents contributions by experienced and younger academics and practitioners from Asian European and Scandinavian legal systems *The Economist* ,1849 **The Builder** ,1851 **Off-Hire** John Weale, 2016 **The Spectator** ,1863 *The Illustrated London News* ,1874 **Classed Subject Catalog** Engineering Societies Library, 1963 **The Furniture Gazette** ,1877 **The Athenæum** ,1846 *The*
