## OFFICE RIDDLE SCAVENGER HUNT

1. I'm over you on a rainy day, close me, or I might blow away.
2. I'm here when you are tired and need a seat. You will get a rest and get off your feet.
3. If you do not know where to look, then check for me on a hook.
4. Whether you use one sheet or four, someone might use less, and someone might use more.
5. If you push me, then I'll release suds. This is especially important when you've been in the mud.
6. To go up, you step on me, but I sometimes hurt your knee.
7. I light up and tell you how to leave.
8. What has a face but no mouth or nose? It also has hands but no fingers or toes.
9. I'm usually on top, and if you peek, you just might find a super cold treat.

### **Equitable and Innovative Teaching Practices for Sport, Exercise, and Performance Psychology Educators**

Amber Shipherd, John Coumbe-Lilley, 2025-09-26 Equitable and Innovative Teaching Practices for Sport Exercise and Performance Psychology Educators addresses the need for a resource on practical learning and assessment activities for face to face and online instruction in sport exercise and performance psychology. Specifically this book provides readers with evidence based strategies for addressing classroom challenges namely those that the COVID 19 pandemic brought to the forefront including flexible yet equitable teaching practices student engagement both in and outside of the classroom building connections in the online or hybrid classroom and innovative techniques activities assessments and course design approaches. The sport exercise and performance psychology field demands that educators help learners translate evidence into practice and recognize relationships between science application and reflection. Tomorrow's learners will require instructional approaches that engage them and increase their awareness knowledge and skill development so that their experience is rich, deep and memorable. Equitable and Innovative Teaching Practices for Sport Exercise and Performance Psychology Educators bridges the gap between pre and post pandemic teaching and learning practices that provide educators with strategies and tools to equip them for tomorrow's students and is key reading for graduate students, young professionals or experienced educators in the field of sport exercise and performance psychology. Active professionals in the broader fields of psychology, kinesiology, coaching, counselling or education who may teach sport exercise and performance psychology courses or students will also find this new book a valuable resource.
