Peppered with personal stories from Coach Tressel's storied coaching career, this book shares the fundamental lessons that he has been imparting to his players and coaching staffs for the past 20 years. A perfect blend of football stories, spiritual insights, motivational reading, and practical application, The Winners Manual provides an inside look at the core philosophy that has positively impacted the lives of thousands of student athletes and served as the foundation for two of the most successful college football programs of all time. Includes 8 pages of color photos and a foreword from NYT best-selling author John Maxwell. All of the proceeds from the book are being donated directly to the William Oxley Thompson Memorial Library Renovation Campaign. Other features: Each chapter closes with a practical application section where readers will be coached on how they can apply the lessons imparted throughout the book to their own lives via the establishment of measurable goals. **Marion Motley** William H. Johnson, 2022-10-26 As a star linebacker for the Cleveland Browns in the 1940s and 1950s, Marion Motley invented the modern concept of the fullback. In 1946, he and three other players broke professional football's color barrier, helping set the stage for Jackie Robinson's desegregation of Major League baseball in 1947. Retiring with five championships and the universal respect of his peers, Motley returned to ordinary life as a black man in pre-Civil Rights Act America. Because his career predated nationally televised football, Motley's name is largely unknown today when a figure of his stature would enjoy celebrity as a coach or owner. This first-ever biography tells the story of the football player Sports Illustrated's Paul Dr. Z. Zimmerman described as the greatest ever to take the field.
