Authors Marketing and Research Today, 1995 *Digital Strategy and Governance in Transformative Technologies* Arif Perdana, S Vijayakumar Bharathi, Ridoan Karim, Saru Arifin, Aashish Srivastava, 2025-09-09 *Digital Strategy and Governance in Transformative Technologies* offers a comprehensive exploration of how emerging technologies are reshaping business operations governance structures and societal interactions This timely volume examines the complex interplay between digital strategies and governance frameworks across AI blockchain cryptocurrencies and the metaverse It provides crucial insights for navigating the digital frontier The book's strength lies in its multifaceted approach moving from foundational

concepts to specialized applications. It begins by examining technological convergence challenges and strategic foundations then delves deep into pressing issues such as AI ethics in healthcare and law enforcement, blockchain's role in fostering trust and accountability, cryptocurrency regulation and the legal implications of the metaverse. The authors address critical questions about the ethical deployment of digital technology, blockchain transparency, cryptocurrency governance and virtual space regulation through detailed case studies and empirical research. What sets this book apart is its balanced treatment of both theoretical frameworks and practical applications. The authors do not just explore technological capabilities; they examine how these innovations intersect with ethical considerations, regulatory compliance and sustainable practices. From analyzing Meta's political ad policies to examining e-waste management in the digital era, the book offers actionable insights for policymakers, business leaders and practitioners. This essential resource serves as a guide for organizations and institutions grappling with digital transformation challenges. Whether you are a technology strategist, policymaker, academic researcher or business leader, this book provides the framework and insights needed to develop effective digital strategies while ensuring responsible governance in an increasingly complex technological landscape. *Business Today*, 2008
