I will teach you the where, when, how, and why to make the most of your wager. You will need to know as much as you can about sports betting before you even place your first bet. It's a strategic mathematics based system that can be used to create a profit. I'm not the only one who has cracked the system. There are thousands if not millions of other people out there doing the same thing. The sports betting industry is a multi billion dollar industry. And I'm telling you that you can beat it with my help. This book is a complete beginner's guide into the world of Sports Betting. It takes all of the information about the different wagers, odds, and sportsbook systems and breaks it down into information that is understandable and useful. So even if you know absolutely nothing about sports or how to place a bet, you can start making money right now. I went through years of trial and error trying to learn the system and wrap my head around the different bets. I went through it so that you don't have to. This book includes everything you need to

know before getting into sports betting and how to make your first dollar I guarantee that you'll walk away ready to place your first bet. It doesn't take a genius to master the system.
