The Supreme Court's New Workplace Joseph A. Seiner, 2017-07-25 The US Supreme Court has systematically eroded the rights of minority workers through subtle changes in procedural law This accessible book identifies and describes how the Supreme Court's new procedural requirements create legal obstacles for civil rights litigants thereby undermining their substantive rights Seiner takes the next step of providing a framework that practitioners can use to navigate these murky waters, allowing workers a better chance of prevailing with their claims Seiner clearly illustrates how to effectively use his framework, applying the proposed model to one emerging sector, the on-demand industry Many minority workers now face pervasive discrimination in an uncertain legal environment This book will serve as a roadmap for successful workplace litigation and a valuable resource for civil rights research It will also spark a debate among scholars, lawyers, and others in the legal community over the use of procedure to alter substantive worker rights

The Brains and Brawn Company: How Leading Organizations Blend the Best of Digital and Physical Robert Siegel, 2021-07-27 A Top Financial Times Recommended Business Book The Brains and Brawn Company is the grounded, clear-sighted guide you need to blend digital and traditional business functions for long-term competitive advantage Business leaders are continually told they need to embrace digital disruption wholeheartedly to thrive in the 21st Century Legacy companies we hear are all doomed to fail unless they double down on the latest digital innovations and disruptors are ordained to take over the world Digital innovation is the answer to everything False Nothing in life or business is ever that simple In The Brains and Brawn Company How Leading Organizations Blend the Best of Digital and Physical, venture capitalist and Stanford Business School lecturer Robert Siegel brings the digital innovation conversation back down to earth He shows that while important, digital is only part of the answer and it's never the only answer The vast majority of successful leaders from both incumbents and disruptors focus as much on things like logistics, manufacturing, and distribution as they do on digital innovation In fact, many established companies are successfully countering young upstarts in other creative ways, and many new organizations are learning from their older brethren Siegel shows how to create lasting profits and growth in the smartest way possible by creating a solid partnership between digital innovation and traditional business operations, in other words, by marrying brains and brawn He lays out the core competencies that today's industry leaders have mastered and explains how Charles Schwab
