In detail the included scientific papers analyze and describe communication processes in the fields of logistics informatics service sciences and other related areas. The variety of the papers delivers added value for both scholars and practitioners. Information and communication technologies have been providing an effective network infrastructure and development platform for logistics and service operations. To meet the needs of consumers and to promote core competences many institutions and firms have been developing new types of services. This proceeding focus on AI and data driven technical and management innovation in logistics informatics and services. In detail the included scientific papers analyze the latest fundamental advances in the state of the art and practice of logistics informatics service operations and service science. This book is the documentation of the conference 11th International Conference on Logistics Informatics and Service Sciences which took place at the Shandong University. Due to the impact of COVID 19 LISS 2021 took place online as a virtual conference.

The Business of Choice Matthew Willcox, 2015-02-20 Winner of the 2016 Berry AMA Book Prize for Best Book in Marketing from the American Marketing Association. Named Marketing Book of the Year for 2016 by Marketing Sales Books. Reshape Consumer Behavior by Making Your Brand the Instinctive Intuitive Easy Choice. Discover powerful new ways to simplify and guide consumer decisions. Gain actionable insights into social influence how people plan and how they interpret the past. Leverage surprising advances in neuroscience evolutionary biology and the behavioral and social sciences. Whatever your marketing or behavioral objective you'll be far more successful if you know how humans choose. Human intuitions and cognitive mechanisms have evolved over millions of years but only now are marketers beginning to understand their impact on people's decisions. The Business of Choice helps you apply new scientific insights to make your brand or target behavior the easiest most instinctive choice. Matthew Willcox integrates the latest research advances with his own extensive enterprise marketing experience at FCB's Institute of Decision Making. Willcox explains why we humans often seem so irrational how marketers can leverage the same evolutionary factors that helped humans prosper as a species how to make decisions simpler for your consumers and how to make them feel good about their choices so they keep coming back for more.
