### [Adapting to Online and Blended Learning in Higher Education](#) David Kember,Robert

A. Ellis,Si Fan,Allison Trimble,2023-05-19 Higher education has undergone a massive transformation in teaching and learning in a very short period of time since the onset of Covid 19 Students teachers and universities have had to adopt online and blended learning often with little or no experience or models of good practice to draw upon It is clear that blended and online learning are here to stay This book draws on research from universities that have adopted online and blended learning to facilitate the expansion and diversification of their intake which resulted in considerable experience and expertise in online and blended teaching The book describes a model tested with qualitative and quantitative data which shows how teachers can support the retention and success of online and blended learners with four high quality pedagogical elements

bite sized videos of interest and relevance learning materials that are well organised and provide a clear learning roadmap discussion forums which are set up and moderated so as to result in lively student student and student teacher interaction and online teachers being approachable and responsive to communication with individual students through email phone and online communication platforms This model is explained and profusely illustrated with examples from the teaching of award winning teachers This book introduces the concept of a spectrum from traditional to contemporary models of admission and course delivery in higher education It explains how universities which have adopted a contemporary model with high levels of blended and online learning have been able to expand their intake and markedly diversify the student body It discusses how to support the retention and success of online and blended learners Student support services are examined from the perspectives of service providers and online and blended learners and the case is made for support services being aligned with student needs The book has a discussion of university management systems which utilise feedback at all levels to improve alignment between support service provision and student needs [Moodle 1.9 for Teaching 7-14 Year Olds](#) Mary Cooch,2009 This book will show you how to create Moodle courses specifically for teaching foreign languages You ll develop learning activities to help students understand speak and write in the foreign language The book is ideal for teachers who want to teach a foreign language to English speakers or for teaching English as a second language Cover **Moodle 2. 0 Course Conversion** Ian Wild,2011-11-17 Annotation Schools colleges and universities all over the world are installing Moodle but many educators arent making much use of it With so many features it can be a hassle to learn and with teachers under so much pressure day to day they cannot devote much time to recreating all their lessons from scratch This book provides the quickest way for teachers and trainers to get up and running with Moodle by turning their familiar teaching materials into a Moodle e learning course This book shows how to bring your existing notes worksheets resources and lesson plans into Moodle quickly and easily Instead of exploring every feature of Moodle the book focuses on getting you started immediately you will be turning your existing materials into Moodle courses right from the start The book begins by showing how to turn your teaching schedule into a Moodle course with the correct number of topics and weeks You will then see how to convert your resources documents slideshows and worksheets into Moodle You will learn how to format them in a way that means students will be able to read them and along the way plenty of shortcuts to speed up the process By the end of Chapter 3 you will already have a Moodle course that contains your learning resources in a presentable way But the book doesnt end there you will also see how to use Moodle to accept and assess coursework submissions discuss work with students and deliver quizzes tests and video Throughout the book the focus is on getting results fast moving teaching material online so that lessons become more effective for students and less work for you [\*\*National Union Catalog\*\*](#) ,1963
