More Prayers First :

Prayer: A Force That Causes Change David Williamson, 2009-10-02 Why prayer Prayer is an expression of needs and faith but also a way to build a long lasting relationship with God In this third volume of Faithful in Prayer David Williamson shares a series of articles that encourage prayer that with God's answers can transform the seemingly impossible into something very possible Williamson is a regular speaker on prayer and Christian living and through personal anecdotes and applicable scripture leads others through the foundation of faith ways to build faith for effective prayer and how to make a stand through prayer Intended to motivate others to think and dream big Williamson's articles teach specifically how to Believe God over the evidence Deal with unforgiveness Protect the heart to keep out doubt Be bold in prayer and allow God to work Live how He says we should live God is calling for men and women to join with Him in the work through prayer and action Prayer A Force That Causes Change provides the encouragement empowerment and grace so that others can be successful in prayer But Jesus looked at them and said to them With men this is impossible but with God all things are possible Matthew 19:26 NKJV Prayers of Jewish Women Markus H. McDowell, 2006 Markus McDowell examines how the literature of the Second Temple period portrays women at prayer through an examination of the literary context and character of those prayers The goal of this work is a greater understanding of how women were portrayed in literary sources and an offering of some fresh insights for the study of women's religious and social roles in the ancient world The texts are analyzed and categorized within five areas social location content form occasion and gender perspective The prayers are also compared and contrasted with men's prayers in the same sources The analysis includes locating as much as possible the historical literary and cultic context of each document in which these prayers appear By examining all prayers in these texts uttered by women not just prayers of named or prominent women and then comparing them with all the prayers of men in those same texts certain patterns appear This study adds to our knowledge of women and religion in Second Temple Judaism by primarily exploring patterns that appear among the prayers in the literature of the Second Temple period While there are fewer prayers by women than men in this literature the prayers of women are not portrayed as significantly different from those of men in terms of social location content form or occasion At the same time the prayers of women exhibit other patterns of language and in a minor way form and occasion that differ from the prayers of men **The Book of Common Prayer and Administration of the Sacraments, and Other Rites and Ceremonies of the Church** Church of England, 1849 *Changes in the Liturgy and Articles in Elizabeth's Reign. Christian Doctrine Mike Higon, 2024-01-31 Providing an accessible one volume guide to Christian doctrine this is a thorough re write of the first edition Since the original was published many students and teachers of doctrine in theological colleges and beyond have been learning to take more seriously the global context of their work and to recognise the difference made by facets of their identities and social locations like race class gender and disability In this edition Mike Higon seeks to do justice to this learning and invites readers to understand doctrine as an unfinished conversation between many different voices Fully updated for clarity and yet retaining its role as a rigorous introduction to its subject the book includes new interruptions which introduce voices that question the book s arguments and offer new directions for readers to pursue **Service for the King.
