

WHAT IS TEXT EVIDENCE?

Text evidence: the specific details or facts in a text that support our conclusions.

For example, if we read "The Tortoise and the Hare," we might reach the conclusion that *slow and steady wins the race*.

Why?

The rabbit moves quickly but makes stops; the tortoise's consistent, slow pace leads to its unlikely victory.

Citing Text Evidence

Mini-Lesson + Modeling

HOW TO CITE EVIDENCE

THREE WAYS TO CITE:

QUOTE

Using the author's exact words.

Example:

According to the text, "Steakade often went back to his mouth, taking off as the stars of the food, again," which shows that her regularly eats outside.

PARAPHRASE

Retelling the text in your own words.

Example:

In the text, "She crossed her dirty hands and started to fix another one. Again, the stars and moons are typical perfume for women's salons."

SUMMARIZE

Providing a brief overview of the main details.

Example:

Throughout the passage, Sam talked a lot about his own life, about his job, which means that he's busy enough in the day to require a vacation.

SCENE #3

Detective Carter narrowed his eyes as he stepped into the dimly lit office. A half-smoked cigarette smoldered in the ashtray, its tendrils of smoke curling toward the ceiling.

The desk was neat—the neat, not a single paper out of place, not even a stray coffee ring on the worn oak surface. Carter ran a finger along the edge of the desk, then glanced at the open window. The night air was cool, but a single bead of sweat traced a slow path down his temple. Something wasn't right.

Question:

What can you infer about Detective Carter's thoughts or feelings in this scene? Cite *specific* pieces of evidence (by quoting, paraphrasing, or summarizing).
