Theis,Mark G. Terwilliger,2021-09-21 In this book we explore the history of college football and in particular the mythical college championship from 1869 to the present day For several years different media outlets took it upon themselves to declare a national championship which led to nothing short of confusion In one year four different teams were named champion This chaotic situation and accompanying controversy ultimately led to the creation of the Bowl Championship Series or BCS Initially the BCS selection was based on a formula that incorporated several polls and computer models However the proprietary nature of the computer models and the complexity of the mathematics used to combine the data sources to arrive at the final selection did very little to quiet the controversy This led to the creation of a selection committee to choose the four best teams to compete in a four team playoff Again controversy has ensued with many questioning the politics and nebulous capricious nature of the criteria We have created an alternate model which we have dubbed the weighted wins system that defines a simple unbiased and consistent mechanism for evaluating and comparing the records of the teams in the NCAA s Bowl Subdivision We have compared the results of the weighted wins model against forty years of actual game results and found that it generates very similar outcomes The primary difference is that it completely removes politics from the selection process and offers a clear path to the playoffs for all members of the Bowl Subdivision **An Autumn Remembered** Gary T. King,1988 *Pigskin Warriors* Steven Travers,2009-10-16 From the leather helmet era to the media circus of college football today Travers presents a carefully researched examination of college football and its role in our society Photographs complement the text providing a deep sense of how the sport has evolved details our obsession with identifying winners and uses examples of popular culture the top 8 football movies of all time to accent the influence this sport has on our culture **Sports Illustrated College Football's Greatest** The Editors of Sports Illustrated,2016-10-18 This book will end many arguments and start some new ones Any college football fan no matter where they live now or where their college loyalty lies has opinions about the game Now SI s team of experts once and for all settles the questions college football fans have debated since the first kickoff in College Football s Greatest For instance which is the greatest program of all time Alabama or Notre Dame What about Ohio State Where do Tim Tebow and Peyton Manning rank among the best

college quarterbacks Which was the better team the 1995 Cornhuskers or the 2001 Hurricanes Where would you find the better game day experience in Ann Arbor or Baton Rouge Every facet of the game is debated and evaluated from running back to coach and everything in between Throughout this deluxe edition essays and articles from the Sports Illustrated Archives are paired with the iconic photography that SI is known for and the talented team of editors and writers weigh in with their expert opinions as well as some of their personal favorites College Football's Greatest is the book that no football fan can be without **Good Clean Violence** Ivan N. Kaye,1973 **Inside College Football (Set)** ,2020-08 *NCAA Football's Finest All-Time Great Players and Coaches* National Collegiate Athletic Association,1991 *College Football's Best* Andrew Hemminger,2009-01-15 A large part of the book is comprised of one on one interviews with 15 of the best in the collegiate game **Good Clean Violence** Ivan N. Kaye,1973 **The Great College Football Playoff Hoax** Neil Mitchell,2018-10-16 In 2014 the powers that be claimed to have finally provided college football with a true playoff to determine a champion in the sport ESPN bowl committees sports radio and many pundits have extolled the new system A careful and detailed examination of the new process however reveals that in reality very little has changed The new system preserves the old organization which ensured that only a few teams would ever be considered for the championship It puts the Power Five leagues into the position of a closed shop where no one outside their membership will ever be considered for the four slots the current college football playoff CFP allows The other five leagues known as the mid majors are a perpetual junior varsity that stands on the sidelines praying for a chance to stand briefly outside the shadow of the big guys who pat them on the head occasionally
