Knapp,2016-03-03 Throughout his plays Shakespeare placed an extraordinary emphasis on the power of the face to reveal or conceal moral character and emotion repeatedly inviting the audience to attend carefully to facial features and expressions The essays collected here disclose that an attention to the power of the face in Shakespeare s England helps explain moments when Shakespeare s language of the self becomes intertwined with his language of the face As the range of these essays demonstrates an attention to Shakespeare s treatment of faces has implications for our understanding of the historical and cultural context in which he wrote as well as the significance of the face for the ongoing interpretation and production of the plays Engaging with a variety of critical strands that have emerged from the so called turn to the body the contributors to this volume argue that Shakespeare s invitation to look to the face for clues to inner character is not an invitation to seek a static text beneath an external image but rather to experience the power of the face to initiate reflection judgment and action The evidence of the plays suggests that Shakespeare understood that this experience was extremely complex and mysterious By turning attention to the face the collection offers important new analyses of a key feature of Shakespeare s dramatic attention to the part of the body that garnered the most commentary in early modern England By bringing together critics interested in material culture studies with those focused on philosophies of self and other and historians and theorists of performance Shakespeare and the Power of the Face constitutes a significant contribution to our growing understanding of attitudes towards embodiment in Shakespeare s England     **Shakespeare's A Midsummer Night's Dream** Steve Barlow,Steve Skidmore,2022-10-27 Shakespeare s A Midsummer Night s Dream like you ve never seen it or read it before Classics in Graphics A Midsummer Night s Dream has been adapted into a graphic novel by expert authors Steve Skidmore and Steve Barlow with illustrations by Edu Coll The magical fantasy is a comic delight on the page as the lovers the fairies and the actors bumble and trick their way through the forest Classics in Graphics is a series of graphic novels for children aged 10 plus that has inclusion at its heart flinging wide the doors of literature for everyone to enter and understand Including dyslexia friendly design on every page and encouraging readers to relate to these iconic roles casting spells falling in love and winning duels Each graphic novel includes pitch perfect illustrations for presenting the tragic the romantic the comedic the magical as well as snappy simplified text presenting Shakespeare s themes clearly introductory materials to help set the scene and context of each story heaps of extra material at the back to keep the learning and fun going including an exploration of themes in the play the language Shakespeare s inspirations the publication and performance of the play in history a timeline of Shakespeare s life and works and much more Plays available in the series include Macbeth The Tempest Hamlet Romeo and Juliet A Midsummer Night s Dream Much Ado About Nothing Praise for the Classics in Graphics series Excellent production and binding quality paper and with fantastic writing and illustrations an encouraging entry point to Shakespeare for my kids and ease of dive in for my own flighting or cursory storytelling engagement whimsy an excellent job
