Hansen, David Whitehouse, Cathy Silverman, 2023 Discovering Music Howard Decker McKinney, William Robert Anderson, 1949 *Music* Roger Kamien, 2002 Kamien 4.0 The Multimedia Companion is designed to make the study of music easier more rewarding and more fun It contains material that helps students to understand basic concepts test their knowledge and listen more effectively The Multimedia Companion includes the following components Frequently Asked Questions This is a light hearted but informative series of answers to questions that if they aren't asked frequently probably should be From the Why do we need to study music to appreciate it to What's wrong with the music I like now instructors and students alike will find many of these questions and answers to be helpful and thought provoking Elements of Music This section provides enhanced explanations and examples of the concepts covered in Part I of the textbook As the elements of music are explained graphic and audio examples help to make each concept clear Additional material helps students to

understand the musical context of each element so that they hear the role that it plays when they listen to a piece of music Finally each section includes a self test that will check their understanding of the element and their ability to hear it in action

Listening Software This is another tool designed to enhance the listening experience in the course Used in conjunction with a copy of the CD set that is available with the text installing this software on a computer will turn it into an enhanced listening station The software called ChartPlayer contains listening outlines for all the works on the CD set Choose the selection put the appropriate CD into the computer's CD ROM drive and a chart will guide the listener through the entire piece It's easy to move from one section to another and a narrative description runs as the music plays

Additional Recordings We've provided 52 additional recordings related to the works and composers discussed in the text These files are in high quality Windows Media format and can be heard on almost any Windows or Macintosh computer as well as many portable digital players

New Horizons in Music Appreciation From composer and humorist Peter Schickele this selection provides a humorous solution to the challenge of long complicated pieces of classical music A tongue in cheek guide to the first movement of Beethoven's Fifth symphony This track is included in both standard CD audio for use in any CD player and a digital version intended for use on a computer

Concertgoer's Guide Many newcomers to classical music are intimidated by the sometimes serious atmosphere of live performances This guide will tell students all they need to know about attending classical concerts and recitals An additional bonus is a section of tips for writing concert reports a frequent assignment in many music appreciation courses

Glossary This is the listing of musical terms and definitions that appears at the end of the textbook In the Multimedia Companion version though users can click on many of the terms and see expanded explanations including illustrations and audio examples

Music Appreciation Ron Larson, Wadsworth Publishing, 2000-10-01 The ideal study partner This guide contains a wealth of review and self assessment tools designed to improve understanding and retention of key concepts

Music Appreciation Sarah Satterfield, 2022-06-30 Students are often overwhelmed by the amount of material in standard Music Appreciation texts This text allows instructors to lecture as usual while students fill in their booklets offering a guided notetaking experience
