UNDERSTANDING PERSONAL RELATIONSHIPS

Theodore Isaac Rubin, M.D.

The New York Times
bestselling author of
David and Lisa

"Human beings relating to each other is the most complicated subject in the world; more complex than high physics or nuclear physics. Dr. Theodore Isaac Rubin has that rare gift of making our patterns of relating clear and helping us understand and change them." *Harold H. Kushner, author of When Bad Things Happen to Good People*

"One to One is a classic self-help book, written in Rubin's customary fast-paced and readable style. This is a good book, and many people will find it helpful." *Philadelphia Inquirer*

One To One Understanding Personal Relationships:

One to One Theodore Isaac Rubin,1983 *Personal Relationships and Personal Networks* Malcolm R. Parks,2017-09-25

The effort to understand personal relationships has traditionally focused on the individual characteristics of participants. *Personal Relationships and Personal Networks* takes this analysis a step further focusing on research linking participants' feelings and actions within a given personal relationship to the larger social context surrounding it. Author Malcolm R Parks expands on the idea that the initiation, development, maintenance, and dissolution of relationships are inextricably connected to each participant's social network, a perspective that allows for a better appreciation of our connection to the world and a greater understanding of our significant power as social actors. This book offers a new way to consider basic notions about how relationships form, such as how particular people meet and how relationships are started. Among many findings, the volume demonstrates that individuals in relationships feel closer and generally more connected when they also have a greater amount of contact with the members of each other's personal networks and when they believe that network members support their relationship. Additional topics discussed include how this social context model is applicable to different types of relationships, how participants interact with network members, how social networks are involved in the deterioration of personal relationships, and what drives change in relationships. Students, researchers, and professionals in a wide variety of disciplines such as communication, psychology, sociology, anthropology, family studies, clinical psychology, public health, nursing, education, and social work will find this book useful, as will anyone seeking to better understand their own personal relationships.

Personal Relationships Across Cultures Robin Goodwin,2013-05-13

Is falling in love the same the world over? What makes a happy marriage in different cultures? How does our society influence us in the way we raise our children? Is modern life incompatible with intimacy? In this innovative new text, Robin Goodwin challenges many of the established views on relationships by considering how different cultures view different relationships: love, marriage, friendship, the family, sexual relations. By discussing fundamental differences in values between cultures alongside other key influences such as social class and education, he explores why these differences occur and how different political and historical events have challenged existing patterns of relationships. Finally, drawing on research from all parts of the world, he considers how we can use this knowledge to help different communities across the globe cope with their most pressing relational challenges. Dr Robin Goodwin is Reader in Psychology in the Department of Human Sciences at Brunel University London. He publishes widely on relationships and culture and lectures about his work across the world.

Social Interaction and Personal Relationships Dorothy Miell, Rudi Dallos,1996-06-06

The team has achieved an admirable overall coherence in representing the range of ideas, methodologies, and modes of analysis that will be found in this area of social life. It is likely to find a place on the reading lists of many future social psychology courses. *Journal of Community and Applied Social Psychology* Relationships play a central part in people's lives, and a number of exciting interdisciplinary perspectives have recently emerged to shed

new light on what it means to be in a relationship with another human being This volume offers an authoritative yet accessible examination of a wide variety of these perspectives drawing from a broader than usual range of material and including c Personal Relationships in "A Passage to India" Kathrin Langner,2005-02-25 Seminar paper from the year 2003 in the subject English Language and Literature Studies Literature grade 1 University of Würzburg language English abstract E M Forster s novel A Passage to India was published in 1924 and based on two personal visits of Forster s to India in 1912 and a few years later after World War I in 1921 During his visits to India Forster travelled a great deal and met many Indians among them Syed Ross Masood who was to become an intimate friend and also the basis for the character of the young Indian doctor Aziz in his novel The friendship between them is portrayed by Forster in the friendship between Aziz and Mr Fielding the English schoolmaster In this way Forster was able to experience both sides maintaining a cross cultural relationship and deriving from this completely new knowledge and feelings but also the negative side with all the hardships of cultural and political misunderstandings Forster gives a very vivid description of exactly these difficulties in his novel and shows without sparing the British in any one point the state of British Rule in India at the time of his second visit He attempts to criticise the unjust superior behaviour of the British Due to this narrative technique the reader is immediately apt to sympathize with the ruled race badly and impolitely treated by the English officials such as Callendar Turton Heaslop In his novel the author attempts to answer a question even he had had to pose himself Is it possible for an Englishman and an Indian to be friends This question appears in the book on one of the first pages during a discussion of Aziz s Indian friends but the answer is left open for the time being As already mentioned the overall theme of the novel is that of relationships friendship and the yearning for communication and connection 1 which needs must lead to a catastrophic failure 2 of those attempted relationships due to a political and cultural world without an overall understanding for such mixed relationships or individuality The novel is divided up into three main parts Mosque Temple and Caves This structure has given much room for different interpretations one of such which is the structure of thesis antithesis and synthesis **Conflict in Personal**
