I m a guy Knitting to me has been for little old ladies I recently had an accident though and experienced some head trauma As a result I ve had difficulty with some of my motor functions My physical therapist actually suggested knitting I can t knock it until I try to so I went with my sister who knits and picked out some stuff My first project was a beanie I think the thing that worked for me was that if I messed up I could just pull it out and start over After a few weeks of knitting for an hour or more a day my therapist noted positive changes This book was a big part of that I found it easy to follow even for someone that never touched a knitting needle before Bryan Colorado US
