The book addresses health promotion for all ages and all population groups: individuals, families, and communities. It includes extensive coverage of growth and development throughout the life span with an emphasis on normal development as well as the specific problems and health promotion issues common to each stage. A complete unit is devoted to health promotion interventions. It also offers a unique assessment framework based on Gordon's Functional Health Patterns to provide consistency in presentation and an approach in line with the promotion of health. Extensive coverage of growth and development throughout all stages of the life span. A unit on specific interventions for health promotion. Addresses health promotion for all population groups: individual, family, and the community. Incorporates Case Studies that depict actual clinical situations to give students a real life perspective. Innovative Practice examples highlight unique and creative health promotion programs. Summarizes specific clinical interventions in Health Teaching boxes to provide students with how to nursing actions. Think About It clinical scenarios provide critical thinking questions to help readers grasp important concepts. Multicultural Awareness boxes present cultural perspectives important to care planning. Introduces significant issues, trends, and controversies in health promotion through Hot Topics boxes to engage students in critical discussion and debate about these topics. Research Highlights emphasize current research efforts and research opportunities in health promotion. A new Study Questions section with answers and rationales helps you review and assess your understanding of chapter content. Care Plans are presented in a consistent format. Nursing Diagnosis: Defining Characteristics, Related Factors, Expected Outcomes, and Interventions. Healthy People 2010 boxes highlight current national health promotion priorities. A new full color design helps to highlight important features and content. A new companion Evolve website offers case studies with questions and answers, WebLinks, content updates, and a Glossary with search capability to enhance your learning experience.

Association for Worksite Health Promotion Membership Directory, 1997      Health Promotion in the Workplace Michael Patterson, O'Donnell, Jeffrey S. Harris, 1994. *Health Promotion in the Workplace* is written from a scholarly perspective that reflects the full knowledge of science in the field yet recognizes the constraints of practical application. This comprehensive text covers the importance of health promotion programs, the process of designing, managing, and evaluating programs, the positive effects such programs can have on employees and the workplace, the physical and emotional services these programs can offer, and major issues such as factors affecting older workers and retirees and the emerging global perspective impacting the health promotion field. Ideal as a text for students in undergraduate and graduate level health promotion.
