Official Baseball Annual National Baseball Congress of America, 1974 **Official Guide; National Semi-pro Baseball; Rules, Teams, Photos** National Baseball Congress of America, 1971 **Baseball, Inc.** Frank P. Jozsa, Jr., 2006-02-17 During the second half of the twentieth century Major League Baseball and its affiliated minor leagues evolved from local and regional entities governing the play of America's favorite pastime to national business organizations. The relocation of teams, league expansion, the advent of free agency, and an influx of international players has made baseball big business on an increasingly global scale. Focusing on the last fifty years, this work examines the past and present commercial elements of organized baseball, emphasizing the dual roles: competitive sport and profitable business, which the sport must now fulfill. Twenty-five essays cover five areas integral to the economic side of baseball: business and finance, human resources, international relations, management and leadership, and sports marketing. Detailed discussions of the redistribution of revenues, the history of player unionization, aggressive global marketing strategies of franchise owners, and an evaluation of fan costs among other topics introduce the reader to the important issues and specific challenges professional baseball faces in an increasingly crowded yet geographically expansive sports marketplace. The work is also indexed. **Boiled Peanuts and Buckeyes** Lee Holland, 2006 A historical biography of one woman's survival through the Great Depression in the American south and the story of her sons' achievements afterwards. Certain character depictions are fictitious to convey the utter seriousness of a sport's specification where the ownerships of Champcar waged a boycott against IndyCar and Indianapolis Motor Speedway IMS. Otherwise, oil and gas is a tightening up of economic realities: the real people on the verge of a financial takeover and how such economies work in relation to Major League Sports in historically speaking the most productive times in U.S. economy. The Heists are back and Phil Elmach driving for James Sedgwick. Only in oil and gas Elmach joins Jake Coote and the experts in the Sunshine State. Turbochargers made the stealthiest cars and successively IndyCar's resolution of a sport's escalation costs. To the supercops, the top outfits in the Champcar-IndyCar merger war pose a threat in a downturn economy and the owner teams recognize that tires aren't the only switch ups but teams transferring into IndyCar. In the shuffle of cash egos and clashes everyone gets
