One Less Stiff At The Funeral:

English Folk-lore Thomas Firminger Thiselton-Dyer, 1884 Notes and Queries: a Medium of Inter-communication for Literary Men, Artists, Antiquaries, Genealogists, Etc ,1870 Notes and Queries ,1871 **Onion Tears** Shubnum Khan, 2024-03-04 Khadeejah is a hard working and stubborn first generation Indian woman who longs for her beloved homeland and often questions what she is doing on the tip of Africa At 37 her daughter Summaya is struggling to reconcile her South African and Indian identities while Summaya s own daughter eleven year old Aneesa is a girl who has some difficult questions of her own Is her mother lying to her about her father s death Why won t she tell her what really happened Gradually the past merges with the present as the novel meanders through their lives uncovering the secrets people keep the words they swallow and the emotions they elect to mute For this family faintly detectable through the sharp spicy aromas that find their way out of Khadeejah s kitchen the scent of tragedy is always threatening Eventually it will bring this family together If not it will tear them apart The Garden ,1873 Finding a Role? Brian Harrison, 2011-09-09 In 1970 the cold war was still cold Northern Ireland s troubles were escalating the UK s relations with the EEC were unclear and corporatist approaches to the economy precariously persisted By 1990 Communism was crumbling world wide Thatcher s economic revolution had occurred terrorism in Northern Ireland was waning multi culturalism was in place family structures were changing fast and British political institutions had become controversial Seven analytic chapters pursue these changes and accumulate rich detail on changes in international relations landscape and townscape social framework family and welfare structures economic policies and realities intellect and culture politics and government The concluding chapter ranges chronologically even more widely to bring out the interaction of past and present then asks how far the UK had by 1990 identified its world role Like Harrison s Seeking a Role The United Kingdom 1951 1970 2009 the immediately preceding volume in this series Finding a Role includes a full chronological table and an ample index of names and themes This the first thorough wide ranging and synoptic study of the UK so far published on this period has two overriding aims to show how British institutions evolved but also to illuminate changes in the British people their hopes and fears values and enjoyments failures and achievements It therefore equips its readers to understand events since 1990 and so to decide for themselves where the UK should now be going Thatcher Jacob Bannister, 2014-08-05 It is no exaggeration to say that Margaret Thatcher remade Britain in her own image She deregulated industry brought the unions to their knees privatized state owned enterprises waged war to defend the Falkland Islands and teamed up with Ronald Reagan to win the Cold War Her courage was remarkable and her character larger than life She was a woman who brooked no fools and her tongue could be rapier sharp Here is the inspiring story of Britain s first and only woman prime minister Encyclopædia of Superstitions Edwin Radford, Mona Augusta Radford, 1949 This classic and thoroughly delightful reference explores the origins of superstitions You ll discover the origins behind charms spells fairy lore and legend folk remedies and customs of birth marriage and death
