**Humanities Index** ,1994 [What Jesus Learned from Women](#) James F. McGrath,2021-02-26 Dehumanization has led to serious misinterpretation of the Gospels On the one hand Christians have often made Jesus so much more than human that it seemed inappropriate to ask about the influence other human beings had on him male or female On the other hand women have been treated as less than fully human their names omitted from stories and their voices and influence on Jesus neglected When we ask the question this book does what Jesus learned from women puzzling questions that have frustrated readers of the Gospels throughout history suddenly find solutions Weaving cutting edge biblical scholarship together with an element of historical fiction and a knack for writing for a general audience James McGrath makes the stories of women in the New Testament come alive and sheds fresh light on the figure of Jesus as well This book is a must read for scholars students and anyone else interested in Jesus and or in the role of ancient women in the

context of their times     Online Teaching at Its Best Linda B. Nilson, Ludwika A. Goodson, 2017-11-08 Bring pedagogy and cognitive science to online learning environments Online Teaching at Its Best A Merger of Instructional Design with Teaching and Learning Research is the scholarly resource for online learning that faculty instructional designers and administrators have long been awaiting Over 70 percent of degree granting institutions offer online classes and while technical resources abound the courses often fall short of integrating the best practices in online pedagogy even if they comply with online course design standards Typically these standards omit the best practices in teaching and learning and the principles from cognitive science leaving students struggling to keep the pace understand the material and fulfill their true potential as learners This book fills the gap providing evidence based practices for online teaching online course design and online student motivation integrated with pedagogical and cognitive science to help you build the distance learning courses and programs your students deserve As more and more students opt for distance learning it s up to designers and instructors to rethink traditional methods and learn to work more effectively within the online learning environment and up to administrators to provide the needed leadership Online Teaching at Its Best provides practical real world advice grounded in educational science to help online instructors instructional designers and administrators deliver an exceptional learning experience Adopt new pedagogical techniques designed specifically for online learning environments Ensure strong course alignment and effective student learning for online classes Increase student retention build necessary support structures and train faculty more effectively Integrate research based course design and cognitive psychology into graduate or undergraduate programs Distance is no barrier to a great education what do stand in the way are inadequate online course design and implementation and deficient faculty training and support all of which administrators can mitigate Online Teaching at Its Best will help you ensure that your online classes measure up to the rigor and quality of excellence in teaching and assessment build in the personal touch for developing a learning community and equip your students to succeed in the next challenge
