In the literary world the debate around writing and commerce often begs us to take sides either writers should be paid for everything they do or writers should just pay their dues and count themselves lucky to be published. You should never quit your day job but your ultimate goal should be to quit your day job. It's an endless confusing and often controversial conversation that despite our bare it all culture still remains taboo. In Scratch Manjula Martin has gathered interviews and essays from established and rising authors to confront the age old question how do creative people make money. As contributors including Jonathan Franzen Cheryl Strayed Roxane Gay Nick Hornby Susan Orlean Alexander Chee Daniel Jose Older Jennifer Weiner and Yiyun Li candidly and emotionally discuss money MFA programs teaching fellowships finally getting published and what success really means to them. Scratch honestly addresses the tensions between writing and money work and life literature and commerce. Essential reading for aspiring and experienced writers and for anyone interested in the future of literature. Scratch is the perfect bookshelf companion to On Writing Never Can Say Goodbye and MFA vs NYC.

**The Lemonade Reader** Kinitra D. Brooks,Kameelah L. Martin,2019-05-24 The Lemonade Reader is an interdisciplinary collection that explores the nuances of Beyoncé's 2016 visual album Lemonade. The essays and editorials present fresh cutting edge scholarship fueled by contemporary thoughts on film, material culture, religion, and black feminism. Envisioned as an educational tool to support and guide discussions of the visual album at postgraduate and undergraduate levels, The Lemonade Reader critiques Lemonade's multiple Afro Diasporic influences, visual aesthetics, narrative arc of grief and healing, and ethnomusicological reach. The essays written by both scholars and popular bloggers reflects a broad yet uniquely specific black feminist investigation into constructions of race, gender, spirituality, and southern identity. The Lemonade Reader gathers a newer generation of black feminist scholars to engage in intellectual discourse and confront the emotional labor around the Lemonade phenomena. It is the premiere source for examining Lemonade, a text that will continue to have a lasting impact on black women's studies and popular culture. Borders and Border Crossings in the Contemporary British Short Story Barbara Korte,Laura Ma Lojo-Rodríguez,2020-01-02 This book represents a contribution to both border studies

and short story studies In today s world there is ample evidence of the return of borders worldwide as material reality as a concept and as a way of thinking This collection of critical essays focuses on the ways in which the contemporary British short story mirrors questions and engages with border issues in national and individual life At the same time the concept of the border as well as neighbouring notions of liminality and intersectionality is used to illuminate the short story s unique aesthetic potential The first section Geopolitics and Grievable Lives includes chapters that address the various ways in which contemporary stories engage with our newly bordered world and borders within contemporary Britain The second section examines how British short stories engage with Ethnicity and Liminal Identities while the third Animal Encounters and Metamorphic Bodies focuses on stories concerned with epistemological borders and borderlands of existence and identity Taken together the chapters in this volume demonstrate the varied and complex ways in which British short stories in the twenty first century engage with the concept of the border     *IRL* Chris Stedman,2020-10-20 What Does IRL In Real Life Really Mean in Today s Digital Age It s easy and reflexive to view our online presence as fake to see the internet as a space we enter when we aren t living our real offline lives Yet so much of who we are and what we do now happens online making it hard to know which parts of our lives are real IRL Chris Stedman s personal and searing exploration of authenticity in the digital age shines a light on how age old notions of realness who we are and where we fit in the world can be freshly understood in our increasingly online lives Stedman offers a different way of seeing the supposed split between our online and offline selves the internet and social media are new tools for understanding and expressing ourselves and the not always graceful ways we use these tools can reveal new insights into far older human behaviors and desires IRL invites readers to consider how we use the internet to fulfill the essential human need to feel real a need many of us once met in institutions but now seek to do on our own online as well as the ways we edit or curate ourselves for digital audiences The digital search for meaning and belonging presents challenges Stedman suggests but also myriad opportunities to become more fully human In the end he makes a bold case for embracing realness in all of its uncertainty online and off even when it feels risky
