**Best Practices in Online Program Development** Elliot King, Neil Alperstein, 2014-11-20 Best Practices in Online Program Development is a practical hands on guide that provides the concrete strategies that academic and administrative departments within institutions of higher learning need to develop in order to create and maintain

coherent and effective online educational programs. Unlike individual courses an online education program requires a comprehensive inter departmental effort to be integrated into the ongoing educational project of a college or university. This book focuses on the Integration of online education into the institutional mission. Complex faculty related issues including recruiting training and teaching. Multifaceted support required for student retention and success. Need for multilayered assessment at the course program technical and institutional levels. Challenges posed to governance and by the need to garner resources across the institution Model to insure ongoing comprehensive development of online educational programs. Best Practices in Online Program Development covers the above topics and more giving all the stakeholders in online educational programs the building blocks to foster successful programs while encouraging them to determine what role online education should play in their academic offerings.

Strategic Supply

Chain Management 2E (PB) Shoshanah Cohen, Joseph Roussel, 2013-06-21 Praise For Strategic Supply Chain Management This book shows convincingly that a robust supply chain strategy is critical for business success in today's uncertain economic environment. Cohen and Roussel explain not only what makes for a good supply chain strategy but also how to put that strategy into practice. Jim Miller VP Worldwide Operations Google Strategic Supply Chain Management loudly and clearly makes the case that successful companies supply chain strategies are closely aligned with their competitive differentiation and operating models. The book uses in depth examples that bring these concepts to life and demonstrate that one size doesn't fit all. Anyone who thinks operations is just another corporate function needs to read this book. Manish Bhatia SVP Worldwide Operations SanDisk The advent of global marketplaces heightened competition accelerated pace of product innovation and fast changing customer preferences have increased the impact of the supply chain on company profitability and long term success. But cultural challenges to successful supply chain design remain. Cohen and Roussel's book provides a platform for addressing these challenges and is recommended reading for chief executives strategy professionals and supply chain practitioners. Martin Roper Chief Executive Officer and President Boston Beer The authors present a straightforward path for developing and deploying a global supply chain strategy that addresses the priorities of today's executive management teams. Hau Lee Thoma Professor of Operations Information and Technology Stanford Graduate School of Business The classic guide to supply chain strategy re created to help business leaders gain an advantage in today's volatile globalized arena. The global landscape has changed dramatically since the first edition of Strategic Supply Chain Management established itself as the authority on creating value and achieving competitive advantage from the supply chain. Shorter economic cycles more frequent natural disasters higher costs in low cost countries more restricted access to working capital and greater focus on sustainability have made effective supply chain management much more challenging and much more critical to the bottom line. This second edition is your answer to gaining a strategic advantage in the face of these challenges. Drawing on dozens of new company examples as well as cutting edge benchmarking research it shows you how to

make your supply chains more agile flexible and resilient With 80 easy to read tables and diagrams this fully revised book explains how to Develop a supply chain strategy that will help you realize your business goals Design a process architecture that maps out the activities of the end to end supply chain Create the most effective supply chain organization Build the most beneficial relationships with your supply chain partners Use metrics to assess and drive business success Implement transformational change See how today s best supply chain strategies work in all new profiles of BASF Essilor Haier Kaiser Permanente Lenovo and Schlumberger Find out what these industry leaders are doing to get the greatest value out of their supply chains When value depends on how well you deliver you need Strategic Supply Chain Management Second Edition

**Performance Management** David A. J. Axson,2007 Praise for Best Practices in Planning and Performance Management Having worked closely with David Axson I have seen his strategic brilliance firsthand The integrated approach he takes in practice synthesizes external dynamics business process planning systems and management for effective execution Best Practices in Planning and Performance Management Second Edition brings his keen insight to life presenting a comprehensive approach to managing business dynamics in comprehensible language This should be required reading for anyone engaged in the management of a complex business Greg Horn CEO Garden of Life former CEO General Nutrition Centers Once again David Axson has delivered a provocative read Best Practices in Planning and Performance Management Second Edition showcases the age of convergence in business technology as companies begin to renew systems and transform business processes to align execution with strategy improve decision making and gain competitive advantage Winning companies follow Axson s prescription of combining leadership quality process design and the functionality of proven performance management systems Rob Ashe CEO Cognos Best Practices in Planning and Performance Management Second Edition is an insightful guide for any organization seeking to transform its management processes David Axson provides practical and thought provoking perspectives on the practices needed to effectively manage performance in today s competitive and volatile markets Michael Geltzeiler CFO Reader s Digest Make better business decisions faster If you are looking to significantly upgrade your management practices to better meet the needs of today s increasingly volatile complex competitive and global markets look no further Best Practices in Planning and Performance Management Second Edition provides an accessible framework to help any business unite its reporting and budgeting functions to achieve its strategic objectives Updated to reflect changes in the market the implications of Sarbanes Oxley new technologies emerging best practices risk management planning in a turbulent world and global uncertainty Best Practices in Planning and Performance Management Second Edition is a must read for anyone looking to leverage technology to better meet the needs of today s global environment     *Strategic Management* Gregory G. Dess, G. T. Lumpkin, 2003 Strategic Management Creating

Competitive Advantages 1st Edition by Dess and Lumpkin responds to the demands of today's rapidly changing and unpredictable global marketplace that students will face when they enter the business world. The concepts only text provides students with a timely, rigorous and relevant book written in an engaging manner to spur their interest and excitement. This book provides a solid treatment of traditional topics in strategic management as well as contemporary topics such as entrepreneurship, knowledge management and e-commerce and internet strategies. Numerous applications from business practice plus sidebars approximately six per chapter bring key concepts to life. For the instructor Strategic Management provides flexibility and convenience not available in any other book on the market. It is a text only book with an extensive variety of cases from the Primis Pinnacle database that is designed to tie concepts directly to cases. Instructors are provided with a wide variety of options from default options consisting of pre selected case packets to a wide variety of cases available from the database *Strategic Management, 2001-2002* Eldon Bernstein, McGraw-Hill, 2000-08. A compilation of current, carefully selected articles from some of the most respected newspapers, magazines and journals published today. Within the pages of this new volume are interesting, well illustrated articles providing effective and useful perspectives on today's important topics in strategic management.

**The Health Service Journal**, 2008 **Psychology in Learning and Instruction** Patricia A. Alexander, 2006. This book introduces future educators and researchers to several different psychological perspectives and uses these perspectives to introduce key issues such as knowledge acquisition and transfer, strategic process and student motivation. As an editor and reviewer of the top journals in the field the author is able to present the latest research in language that is accessible and understandable. Unlike other books that are organized around theoretical topics valued by psychologists it is organized around education problems and issues deemed important by educators. **Journal of Banking & Financial Services**, 2003 **Words & Music**, 2001 **Health and Safety Commission Annual Report and the Health and Safety Commission/Executive Accounts** Great Britain. Health and Safety Commission, 2004. *Strategic Marketing for the Digital Age* Bill Bishop, 1998. Strategic Marketing for the Digital Age shows you how to build a digital marketing strategy, develop a plan and execute it profitably. Bill Bishop gives you a practical, step by step model for developing an effective marketing program using digital and online technology. He takes you beyond mere Internet marketing and shows you how to expand your marketing power by using all of the digital tools available.
