Grindhouse Nostalgia David Church, 2015-01-13 Too often dismissed as nothing more than trash cinema exploitation films have become both earnestly appreciated cult objects and home video items that are more accessible than ever In this wide ranging new study David Church explores how the history of drive in theatres and urban grind houses has descended to the home video formats that keep these lurid movies fondly alive today Arguing for the importance of cultural memory in contemporary fan practices Church focuses on both the re release of archival exploitation films on DVD and the recent cycle of retrosploitation films like Grindhouse Machete Viva The Devil s Rejects and Black Dynamite At a time when older ideas of subcultural belonging have become increasingly subject to nostalgia Grindhouse Nostalgia presents an indispensable study of exploitation cinema s continuing allure and is a bold contribution to our understanding of fandom taste politics film distribution and home video

The Mad Max Effect James Newton, 2021-06-03 The Mad Max Effect provides an in depth analysis of the Mad Max series and how it began as an

inventive concoction of a number of influences from a range of exploitation genres including the biker movie the revenge film and the car chase cinema of the 1970s to eventually inspiring a fresh cycle of international low budget road warrior movies that appeared on home video in the 1980s *The Mad Max Effect* is the first detailed academic study of the most famous and celebrated post apocalypse film series and examines how a humble Australian action movie came from the cultural margins of exploitation cinema to have a profound impact on the broader media landscape *Disposable Passions* David Church, 2016-09-22 From early twentieth century stag films to 1960s sexploitation pictures to the boom in 1970s porno chic adult cinema's vintage forms are now being reappraised by a new generation of historians fans preservationists and home video entrepreneurs all of whom depend on and help shape the archive of film history But what is the present day allure of these artifacts that have since become eroticized more for their pastness than the explicit acts they show And what are the political implications of recovering these rare but still visceral films from a less enlightened pre feminist past Drawing on media industry analysis archival theory and interviews with adult video personnel David Church argues that vintage pornography retains its retrospective fascination precisely because these culturally denigrated texts have been so poorly preserved on political and aesthetic grounds Through these films ongoing moves from cultural emergence to concealment to rediscovery the archive itself performs a striptease permitting tangible contact with these corporeally stimulating forms at a moment when the overall physicality of media objects is undergoing rapid transformation *Disposable Passions* explores the historiographic lessons that vintage pornography can teach us about which materials our society chooses to keep and how a long neglected genre is primed for serious rediscovery as more than mere autoerotic fodder *Post-Horror* David Church, 2021-02-01 Horror's longstanding reputation as a popular but culturally denigrated genre has been challenged by a new wave of films mixing arthouse minimalism with established genre conventions Variouslly dubbed elevated horror and post horror films such as *The Babadook* *It Follows* *The Witch* *It Comes at Night* *Get Out* *The Invitation* *Hereditary* *Midsommar* *A Ghost Story* and *mother* represent an emerging nexus of taste politics and style that has often earned outsized acclaim from critics and populist rejection by wider audiences *Post Horror* is the first full length study of one of the most important and divisive movements in twenty first century horror cinema
