## Orion Manual Filter Wheel:

**Choosing and Using a Dobsonian Telescope** Neil English,2011-07-25 In the 1960 s American amateur astronomer John Dobson designed a revolutionary kind of astronomical telescope featuring a lightweight large aperture reflecting system on a simple mounting using the then revolutionary material called teflon The design combines simplicity and portability with large aperture prowess Thirty years later Dobsonians remain supreme for visually observing faint deep sky objects and are one of the best selling large telescopes in the USA and Europe This popularity is reflected in the recent increase of companies now heavily marketing Dobsonians in particular Meade the Lightbridge range Orion USA XT Intelliscope series and Skywatcher Skyliner and Flextube models This book is the ultimate guide to buying and using commercial Dobsonians both Econo and Primo models with in depth accounts for the various models plus accessories on the market and descriptions of the many innovations that amateurs have made to optimize their telescopes performance

Rare Astronomical Sights and Sounds

Jonathan Powell,2018-09-17 The universe contains many unusual sights and sounds most of which are either very difficult to witness or simply go unnoticed With the right tools time and location some of the often talked about but seldom seen and heard gems in our skies can finally be observed This book introduces readers to the rare and ephemeral happenings above our heads It offers a crash course in astronomical history detailing the observations assumptions and inventions of different cultures over time as they turned their studies to the stars Using this as a baseline to redefine truly rare occurrences Jonathan Powell then provides modern day astronomers at all levels with pointers for what they can witness and when From phenomena as old and far off as a supernova witnessed a thousand years ago and as recent and nearby as Sputnik s famous beeping this book covers everything that one must know to see hear and appreciate the astronomical events happening around us
