

A person is seen from behind, sitting on the ground in a dense, sun-dappled forest. They are leaning against a large tree trunk and appear to be playing a stringed instrument, possibly a guitar or a lute. The scene is filled with lush green foliage and sunlight filtering through the trees.

ORPHEUS'S SONG

Orpheus The Song Of Life

Yicheng Fang

Orpheus The Song Of Life:

Orpheus Ann Wroe, 2011-07-14 For at least two and a half millennia the figure of Orpheus has haunted humanity Half man half god musician magician theologian poet and lover his story never leaves us He may be myth but his lyre still sounds entrancing everything that hears it animals trees water stones and men In this extraordinary work Ann Wroe goes in search of Orpheus from the forests where he walked and the mountains where he worshipped to the artefacts texts and philosophies built up round him She traces the man and the power he represents through the myriad versions of a fantastical life his birth in Thrace his studies in Egypt his voyage with the Argonauts to fetch the Golden Fleece his love for Eurydice and journey to Hades and his terrible death We see him tantalising Cicero and Plato and breathing new music into Gluck and Monteverdi occupying the mind of Jung and the surreal dreams of Cocteau scandalising the Fathers of the early Church and filling Rilke with poems like a whirlwind He emerges as not simply another mythical figure but the force of creation itself singing the song of light out of darkness and life out of death *Women Versed in Myth* Colleen S. Harris, Valerie Estelle

Frankel, 2016-09-23 Throughout history men have prayed to gods and poets have interpreted ancient myths for new audiences But what about women With sections on teaching and modern writing this collection of new essays examines how modern female poets including H D Louise Gluck Ruth Fainlight Rita Dove Sylvia Plath and others have subverted classical expectations in interpreting such legends as Persephone Helen and Eurydice Other mythological figures are also explored and rewritten including Buddhism s Kwan Yin Celtic Macha the Aztecs Coatlicue Pele of Hawaii India s Sita Sumer s Inanna Yemonja of the Yoruba and many more *The Renaissance in Italy* Guido Ruggiero, 2015 This book offers a rich and exciting new way of thinking about the Italian Renaissance as both a historical period and a historical movement Guido Ruggiero s work is based on archival research and new insights of social and cultural history and literary criticism with a special emphasis on everyday culture gender violence and sexuality The book offers a vibrant and relevant critical study of a period too long burdened by anachronistic and outdated ways of thinking about the past Familiar yet alien pre modern but suggestively post modern attractive and troubling this book returns the Italian Renaissance to center stage in our past and in our historical analysis

The Hero's Quest and the Cycles of Nature Rachel S. McCoppin, 2016-10-13 This examination of the heroic journey in world mythology casts the protagonist as a personification of nature a botanical hero one might say who begins the quest in a metaphorical seed like state then sprouts into a period of verdant strength But the hero must face a mythic underworld where he or she contends with mortality and sacrifice embracing death as a part of life For centuries humans have sought superiority over nature yet the botanical hero finds nothing is lost by recognizing that one is merely a part of nature Instead a cyclical promise of continuous life is realized in which no element fully disappears and the hero s message is not to dwell on death *Orphism and Christianity in Late Antiquity* Miguel Herrero de Jáuregui, 2010-03-26

Many recent discoveries have confirmed the importance of Orphism for ancient Greek religion philosophy and literature Its

nature and role are still however among the most debated problems of Classical scholarship A cornerstone of the question is its relationship to Christianity which modern authors have too often discussed from apologetic perspectives or projections of the Christian model into its supposed precedent Besides modern approaches are strongly based on ancient ones since Orpheus and the poems and mysteries attributed to him were fundamental in the religious controversies of Late Antiquity Both Pagan and Christian authors often present Orphism as a precedent alternative or imitation of Christianity This free and thorough study of the ancient sources sheds light on these controversial questions The presence of the Orphic tradition in Imperial Age documented by literary and epigraphical evidence is confronted with the informations transmitted by Christian apologists on Orphic poems and cults The manifold Christian treatments of Pagan sources and their particular value to understand Greek religion are illuminated by this specific case which exemplifies the complex encounter between Classical culture and Jewish Christian tradition
