## Otl Aicher Markus Rathgeb:

**Otl Aicher** Markus Rathgeb, 2007-01-16 First monograph on German graphic designer and educator Otl Aicher     *The 1972 Munich Olympics and the Making of Modern Germany* Kay Schiller, Chris Young, 2010-08-03 The 1972 Munich Olympics remembered almost exclusively for the devastating terrorist attack on the Israeli team were intended to showcase the New Germany and replace lingering memories of the Third Reich. That hope was all but obliterated in the early hours of September 5 when gun-wielding Palestinians murdered 11 members of the Israeli team. In the first cultural and political history of the Munich Olympics Kay Schiller and Christopher Young set these Games into both the context of 1972 and the history of the modern Olympiad. Delving into newly available documents Schiller and Young chronicle the impact of the Munich Games on West German society

**Designing the Olympics** Jilly Traganou, 2016-04-14 Designing the Olympics claims that the Olympic Games provide opportunities to reflect on the relationship between design, national identity and citizenship. The Olympic design milieu fans out from the construction of the Olympic city and the creation of emblems, mascots and ceremonies to the consumption, interpretation and appropriation of Olympic artifacts from their conception to their afterlife. Besides products that try to achieve consensus and induce civic pride the Olympic design milieu also includes processes that oppose the Olympics and their enforcement. The book examines the graphic design program for Tokyo 1964, architecture and urban plans for Athens 2004, brand design for London 2012 and practices of subversive appropriation and sociotechnical action in counter Olympic movements since the 1960s. It explores how the Olympics shape the physical, legal and emotional contours of a host nation and its position in the world, how the Games are contested by a broader social spectrum within and beyond the nation and how, throughout these encounters, design plays a crucial role. Recognizing the presence of multiple actors the book investigates the potential of design in promoting equitable political participation in the Olympic context

**Dwell**, 2007-05 At Dwell we're staging a minor revolution. We think that it's possible to live in a house or apartment by a bold modern architect, to own furniture and products that are exceptionally well designed and still be a regular human being. We think that good design is an integral part of real life. And that real life has been conspicuous by its absence in most design and architecture magazines

**Graphic Design, Referenced** Bryony Gomez Palacio, Armin Vit, 2012 From Caslon and Carson from Gutenberg to Greiman from Lascaux to letterpress and from Postmodernism to pixel among other entries this title will provide all the necessary information and visual cues that designers need to know in order to become empowered, work efficiently and knowingly and survive in a design conversation with peers

**Otl Aicher** Markus Rathgeb, 2006 Première monographie sur le célèbre graphiste allemand et pédagogue Otl Aicher (1922-1991), l'une des principales figures internationales de l'après-guerre dans le domaine des systèmes de communication visuelle
