**Barbara Plester, Kerr Inkson**

## **Ovation User Manuals Guides:**

**Laugh out Loud: A User's Guide to Workplace Humor** Barbara Plester, Kerr Inkson, 2018-09-24 This book is the first ever authoritative work on the use and management of humor in the workplace. It is a practical guide for everyone involved: the humorists, jokers, the targets, sometimes victims, the observers, audience, and most of all, the managers who have to set the tone and encourage, control, and manage humor. Humor is part and parcel of every workplace. However, while it usually demonstrates and fosters a united, happy workforce, it can at times be deeply damaging and divisive. The authors, academics with vast organizational experience and a research-based understanding of humor at work, bring together state-of-the-art knowledge of the topic, making it fun, accessible, and readable for all humor participants. The topics include how humor works, humor cultures in organizations, the many forms of workplace humor, and their pros and cons; humor rituals at work; digital humor; workplace jokers; the 21st-century issue of political correctness; and both the bright side of humor assisting positive cultures, making work fun, and its dark side where humor offends and humiliates. With over 60 real-life illustrative stories of workplace humor, a self-completion questionnaire to measure the Humor Climate in your organization, end-of-chapter takeaways, and an end-of-book summary advocating best practice, the book is a fun, how-to-do-it guide that will both inform and entertain.

**The Acoustic Guitar Guide** Larry Sandberg, 2000 Annotation: The advice and information in this book will help you make better friends with your present guitar or help you decide on features to look for in a new one. In these pages, you'll learn about the differences in guitar woods and how they sound; simple guitar maintenance; how to choose an instrument for your style of playing; what to expect from a music dealer; the mystique of collectible guitars; and much more. You'll also learn to sort out a very complicated market and why many think we're now living in a golden age of guitar making. This new edition includes updated information, a vastly expanded section on amplifying acoustic guitars, and a guide to guitar companies. Web addresses are also covered. Also covered is the history of the guitar, frank buying advice, and a survey of major and many minor manufacturers and their models. For the serious collector or the absolute beginner, *The Acoustic Guitar Guide* is an indispensable tool.
