Visit to the zoo

I recently went on a visit to the zoo, and it was so much fun! I saw all sorts of amazing animals, including lions, giraffes, and monkeys. My favorite part was seeing the elephants, because they were so big and majestic. I also got to see a baby elephant, and it was so cute and playful. I also saw some flamingos, and they were so colorful and graceful. The zoo was a great place to learn about all the different animals and see them up close. I can't wait to go back and see even more amazing creatures.

Online Reading Comprehension Activities:

Online Reading Comprehension Strategies Among General and Special Education Elementary and Middle School Students Hsin-Yuan Chen, 2009 *Handbook of Research on Literacy and Diversity* Lesley Mandel Morrow, Robert Rueda, Diane Lapp, 2010-11-03 This is the first research handbook to address all dimensions of diversity that have an impact on literacy achievement. Leading experts examine how teaching and learning intersect with cultural and language differences and socioeconomic disparities in today's increasingly diverse schools and communities. The volume weaves compelling research findings together with theory, policy considerations, and discussions of exemplary instructional practices. It offers fresh perspectives on such topics as family literacy, multiliteracies, drawing on cultural resources in the classroom, factors that promote success in high-poverty schools, equity issues, and ways to teach specific literacy skills. The concluding section provides crucial recommendations for teacher preparation and professional development. **Best Practices of Literacy**

School Library Journal, 2006 *Background Knowledge* Douglas Fisher, Nancy Frey, 2009 Why background knowledge? Because the Grapes of Wrath is dry reading if students don't know about the Dust Bowl. Because the Boston Tea Party is a non-event if students don't know loyalists from patriots. Because knowing a triangle has 180 degrees isn't the same as knowing why. Because content area comprehension depends on it, you and your students need Background Knowledge. Douglas Fisher and Nancy Frey help you develop lasting subject area understanding with ideas for modeling, guided practice, productive group work, and independent work that effectively engage adolescents. You'll learn to distinguish incidental knowledge from core background knowledge, check students' understanding prior to a unit with tools such as opinionnaires, interest surveys, and anticipation guides, model how to activate and apply prior knowledge so kids can wrestle with new

content build up students background knowledge through virtual fieldtrips YouTube guest experts and more provide collaborative ways for students to develop expertise show what they know and own their learning Doug and Nancy also build your background knowledge with multimedia book study resources at www.heinemann.com/backgroundknowledge As teachers our job is not to simply fill students heads with facts write Doug Fisher and Nancy Frey We need to have students manipulate and apply information so that it becomes a permanent understanding That s why the time is now for Background Knowledge
