Fairy Tales John Thackray Bunce, 1878 **ONLY TRUE IN FAIRY TALES.** CHRISTINE. STOVELL, 2016 *Redefining the Real* Margaret-Anne Hutton, 2009

What is the literary fantastic and how does it manifest itself in the texts of French and francophone women writers publishing at the close of the twentieth and start of the twenty-first century? What do we mean today when we talk of the real and realism? These are just some of the questions addressed by the papers in this volume, which derive from a conference entitled *The Fantastic in Contemporary Women's Writing in French* held in London in September 2007. This book sets out to refocus through a non-realist lens on the works of high-profile authors: Darrieussecq, Nothomb, Germain, Cixous, and NDiaye, and some of their less highly publicised contemporaries. It analyses and mobilises a wide range of both gendered and non-gendered practices and theories of the contemporary fantastic, whilst critically interrogating both of the latter terms and their interrelation.

Essay from the year 2001 in the subject Russian Slavic Languages grade 75. A University of Canterbury School of European Culture and Languages course Seminar language English abstract. Most of the fairy tales that we find in the Afanas'ev collection are both strange and familiar at the same time. They are familiar because many of the Russian fairy tales are in fact renderings of stories we

already know e.g. from the Brothers Grimm Here too the famous Cinderella theme and stories similar to The Magic Table The Gold Donkey And Cudgel in the Sack¹ or The Golden Bird are very popular There are indeed very few plots that are not reminiscent of Western fairy tales Why exactly this is the case is unknown It may be that the stories travelled or that they were taken up into the Russian folklore after the Grimms had published their stories in Germany Yet the Russian fairy stories are by no means just copies Russian folklore has a long history and through being narrated within a different culture every story is shaped differently and is adapted to its new surroundings Therefore the best way to find out what the distinctive qualities of Russian fairytales are is to read as many Russian tales as possible and to compare them to the versions we know in order to find out what it is that is typical and unique to the Russian tales When we have found this quintessential difference we shall have found what makes them strange To find out we need to look at what are perhaps the four most important aspects of any story its Themes and Content how these are illustrated with Motifs and how Narrative Structure and Language are used Themes and Afanasiev's recordings include a large variety of folk narrative Apart from fairy tales there are fables poems songs moral teachings anecdotes and jokes but here I will only look at those stories which can be easily defined as true fairy tales By this I mean those tales which are relatively long they fulfil more than just one or two proppian functions and tell of animals as well as humans Lore and Language, 1979 The Literary World, 1895
