Myths, Miracles, and Imitations

JOHN STOKES

Oscar Wilde Myths Miracles And Imitations

Alex Murray

Oscar Wilde Myths Miracles And Imitations:

<u>Oscar Wilde</u> John Stokes,1978 Oscar Wilde was a major influence on the culture of his time and remains relevant today as a model of wit and style a sexual icon and a moral example In a sequence of detailed and imaginative chapters on Wilde and his times John Stokes shows how in the 1880s and 1890s Wilde played a vital part in the development of modern culture inspiring others to carry his ideas on into the twentieth century Stokes offers studies of Wilde s place in the Romantic tradition and of his relationships with such legendary figures of the fin de si cle as Aubrey Beardsley Alfred Jarry and Arthur Symons And always as part of the process of historical enquiry Stokes considers those who came after humanitarian disciples who kept Wilde s memory sacred performers in his plays actors who impersonated the man himself Oscar Wilde Myths Miracles and Imitations explains why Wilde a material ghost haunts us still   **Modern British and Irish Criticism and Theory** Julian Wolfreys,2006-04-21 Modern British and Irish Criticism and Theory offers the student and general reader a comprehensive critically informed overview of the development of literary and cultural studies from the nineteenth century to the present day Beginning with Coleridge and Arnold examining the contribution of cultural commentators and novelists and considering the institutionalisation of literary criticism in the universities of England Ireland Scotland and Wales the book addresses in detailed accessible and rigorous essays the rise and significance of literary and cultural studies Nearly thirty essays contribute to an understanding of the practice of literary studies presenting the reader with a perceptive series of critical interventions which themselves engage in the very locations from which criticism and theory have emerged A further reading list accompanies each chapter   *Provocation and Negotiation.* Gesche Ipsen,Timothy Mathews,Dragana Obradovic,2013 This collection of essays takes on two of the most pressing questions that face the discipline of Comparative Literature today Why compare and Where do we go from here At a difficult economic time when universities all over the world once again have to justify the social as well as academic value of their work it is crucial that we consider the function of comparison itself in reaching across disciplinary and cultural boundaries The essays written for this book are by researchers from all over the world and range in topic from the problem of translating biblical Hebrew to modern atheism from Freud to Marlene van Niekerk from the formation of one person s identity to experiences of globalisation and the relation of history to fiction Together they display the ground breaking ideas which lie at the heart of an act as deceptively simple as comparing one piece of writing to another   **Decadent Conservatism** Alex Murray,2023-06-14 British Decadent literature was a radical attack on conventional morality and middle class taste its insistence on the autonomy of art and its exploration of sexuality dissipation and depravity at odds with the literary and social establishment Yet this counter cultural narrative has obscured the often reactionary and elitist tendencies of Decadent writers and artists of the fin de si cle Decadent Conservatism offers the first in depth examination of the intersection of Decadence and conservatism arguing that underpinning both was the desire to find alternatives to liberal modernity Both Decadents and conservatives turned to the

past to uncover values and models of social organisation that could offer stability in a chaotic world From well known figures such as Oscar Wilde and W B Yeats through to the forgotten editors of short lived periodicals important female aesthetes such as Michael Field and politicians such as Arthur Balfour Decadent Conservatism challenges conventional understandings of the relationship between aesthetics politics and the past in late Victorian Britain Through a series of thematic chapters exploring the alternative communities created by little magazines the politics of Individualism investments in monarchy and religion Folk Decadence and jingoistic and nationalist responses to the Second Anglo Boer war this study offers a new and much messier picture of fin de si cle literary politics It will be of interest to those working on Victorian literature and modernism as well as social political and cultural history of the period 1880 1920 **The Literary 1880s** Penny Fielding,Andrew Taylor,2019-10-17 Explores the diverse forces that shaped developments in literature in the 1880s an often overlooked literary decade Oscar Wilde's Plagiarism Florina Tufescu,2008 Oscar Wilde s plagiarism practices across genres are seen as part of a neo classical tradition His allegory of plagiarism in An Ideal Husband is compared to those created by fellow playwrights including Ibsen and G B Shaw Wilde s polemical imitation of Shakespeare s cut and paste method in The Portrait of Mr W H inspires Joyce to experiment with the erasure of quotation marks in Ulysses The blatant collage of Wilde s poetry anticipates T S Eliot s The Waste Land just as it recalls Manet s paintings which provocatively assert artistic status by drawing attention to their flatness The mosaic like structure of The Picture of Dorian Gray is akin to that of other anti individualist masterpieces notably Goethe s Faust and D M Thomas s The White Hotel The extent of sophisticated plagiarism in the canonical works and the impressive list of its apologists from Ackroyd to Zola indicate the need for new models of authorship and intellectual property models that would benefit scholarly and artistic creativity and solve the paradox of plagiarism as simultaneously one of the most serious and most common of literary crimes **Beautiful Untrue Things** Gregory Mackie,2019-07-11 Borrowing its title from Oscar Wilde s essay The Decay of Lying this study engages questions of fraudulent authorship in the literary afterlife of Oscar Wilde The unique cultural moment of Wilde s early twentieth century afterlife Gregory Mackie argues afforded a space for marginal and transgressive forms of literary production that ironically enough Wilde himself would have endorsed Beautiful Untrue Things recovers the careers of several forgers who successfully inhabited the persona of the Victorian era s most infamous homosexual and arguably its most successful dramatist More broadly this study tells a larger story about Oscar Wilde s continued cultural impact at a moment when he had fallen out of favour with the literary establishment It probes the activities of a series of eccentric and often outrageous figures who inhabited Oscar Wilde s much mythologized authorial persona in forging him they effectively wrote as Wilde in order to argue that literary forgery can be reimagined as a form of performance But to forge Wilde and generate beautiful untrue things in his name is not only an exercise in role playing it is also crucially a form of imaginative world making resembling what we describe today as fan fiction **The French Actress and Her English Audience** John

Stokes,2005-02-17 A detailed study of how French actresses were received by English audiences   Approaches to Teaching the Works of Oscar Wilde Philip E. Smith,2008 It is both a challenge and a pleasure to teach the works of Oscar Wilde the master of paradox in the words of this volume s editor Wilde wrote at a pivotal moment between the Victorian period and modernism and his work is sometimes considered prescient of the postmodern age He is now taught in a variety of university courses in literature theater criticism Irish studies cultural studies gender studies and gay studies This volume like others in the MLA series Approaches to Teaching World Litereature is divided into two parts The first Materials suggests editions resources and criticism both in print and online that may be useful for the teacher The second part Approaches contains twenty five essays that discuss Wilde s stories fairy tales poetry plays essays letters and life from the perspective of a wide range of disciplines   The Longman Anthology of British Literature David Damrosch,Kevin J. H. Dettmar,2006   *Arthur Symons, Critic Among Critics* Jay Fox,Carol Simpson Stern,Robert S. Means,2007   *The Continuum Encyclopedia of Modern Criticism and Theory* Julian Wolfreys,Ruth Robbins,Kenneth Womack,Kara Kalenius,2002-04-10 The Continuum Encyclopedia of Modern Criticism and Theory offers the student of literary and cultural studies a comprehensive single volume guide to the history and development of criticism in the humanities as the twenty first century opens While emphasizing the theory and practice of literary and cultural criticism it provides extensive coverage of related and contextual discourses as well as critical overviews of the work and reception of major figures responsible directly or indirectly for the development of those discourses in the now related areas of philosophy poetics politics aesthetics linguistics and psychoanalysis From the Foreword   **The Resurrection of Oscar Wilde** Julia Wood,2007 This absorbing book examines five events that have taken place to commemorate the 100 year anniversaries of Oscar Wildes conviction for gross indecency in London and his death in Paris Through these events the author explores the ways in which Wildes life and legacy continue to be influential   **Oscar Wilde's Profession** Josephine M. Guy,Ian Small,2000 A materialist account of Wilde s career as a writer Oscar Wilde s Profession contests three widely held assumptions about his success that there is a clear distinction between his life as a journalist and his artistic celebrity that he was an aesthetic purist in his attitude towards his own books and that his career was driven by an oppositional sexual or nationalist politics The authors bring together evidence from the publishing trade from Wilde s contracts and correspondence with publishers and from documentation about his earnings particularly the plays to show that he always worked for money but that he achieved far less financial success than is usually thought Far from subverting the nascent consumerism of his time he was thoroughly immersed in its values in the commodification of culture in which books became product At the same time Oscar Wilde s Profession provides a uniquely detailed account of Wilde s processes of composition springing from the re examination of his writing practice currently being undertaken in the Oxford English Texts edition of his complete work it surveys his writing practices across the whole of the oeuvre and radically reinterprets the significance of his revision and plagiarism   **Australasian Victorian Studies**

Journal ,1997   Oscar Wilde Ian Small,2000 This study of Oscar Wilde updates and reconceptualizes the bibliographic objectives of Oscar Wilde Revalued and surveys research on Wilde from 1992 2000 in a more explicitly evaluative manner

Oscar Wilde Alexandra Warwick,2007 Since he first began publishing his work in the 1880s Oscar Wilde has been a controversial figure Although celebrated by any of his contemporise for his witty and iconoclastic writing he was imprisoned and disgraced in 1895 and died in poverty and exile For much of the twentieth century he was best known for his society comedies but more recent scholarship has focused on his prose work and identified him as an important figure in such fields as Irish writing and queer theory This study looks at the whole range of Wilde s writing and places it in the context of later nineteenth century ideas suggesting that the influence of his studies at Oxford was more profound than has been realized and that modern philosophy and evolutionary theory had a lasting effect on his representations of the individual and society

Irish Literature Mary Ketsin,2004 Irish literature s roots have been traced to the 7th 9th century This is a rich and hardy literature starting with descriptions of the brave deeds of kings saints and other heroes These were followed by generous veins of religious historical genealogical scientific and other works The development of prose poetry and drama raced along with the times Modern well known Irish writers include William Yeats James Joyce Sean Casey George Bernard Shaw Oscar Wilde John Synge and Samuel Beckett   **The Importance of Being Misunderstood** Giovanna Franci,Giovanna Silvani,2003   British Writers Classics Jay Parini,2003

Immerse yourself in heartwarming tales of love and emotion with Crafted by is touching creation, **Oscar Wilde Myths Miracles And Imitations** . Oscar Wilde Myths Miracles And Imitations Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Oscar Wilde Myths Miracles And Imitations PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Oscar Wilde Myths Miracles And Imitations PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free

downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Oscar Wilde Myths Miracles And Imitations free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
