Our Time Breaking The Silence Of Dont Ask Dont Tell:

Revenge is Mad Hard Valerie Clayman Pye, Danielle Rosvally, 2026-01-01 In April of 2021 a small theatre in Philadelphia took a big risk The Wilma premiered a new play called Fat Ham by a then almost unknown playwright James Ijames Fat Ham reconfigures the story of Hamlet through the lens of a family barbeque in the American South In Ijames play Shakespeare's protagonist becomes a fat queer Black man named Juicy Juicy's mother has just married his uncle in the wake of his father's murder and Juicy himself is still dealing with grief about these events and the generational trauma they amplify as he strives for some thread of hope The play made big waves Ijames won the 2022 Pulitzer Prize for Drama and it was nominated for five Tony awards in 2023 Fat Ham represents a major intervention in the ways we discuss storytelling adaptation and canon as it reclaims a major piece of cultural capital for several intersections of marginalized voices This collection of essays offers perspectives on the play's early life as well as creates a major theoretical framework for future discussions of Fat Ham in scholarship The essay featured in *Revenge is Mad Hard* Fat Ham and the Question of Cultural Reclamation address the intersecting themes of Adaptation Performance Identity and Southernness Each of these sections work to more fully specify and develop the themes of Fat Ham in the greater sphere of literary and performance studies *Our Time* Josh

Seefried, 2012-08-28 *Our Time* marks the end of more than a decade of silence giving voice to the LGBT men and women who served under Don't Ask Don't Tell These individuals enlisted knowing that the military would ask them to bury an integral part of themselves and yet joined because of their deep belief that the values of the military were worth the tremendous sacrifice *Our Time* shares their stories for the first time revealing an intimate portrait of military life Edited by air force officer Josh Seefried a cofounder of the LGBT active duty military association OutServe *Our Time* is a collection of remarkable depth and diversity We witness the abuse physical and mental endured at the hands of fellow soldiers and superiors We see the hardships faced by their families and partners and feel the pain of the choice between military and self There are also examples of humanity at its very best leaders with the courage to support their comrades in the face of tremendous pressure friendships forged and minds opened and love that endures the very toughest of odds Throughout we are reminded of the bravery and selflessness of the men and women who chose to serve our country and defend our liberties while their own freedom was withheld At once a testament to the wrongs of the policy and a celebration of the good that endured in spite of it *Our Time* marks the start of a new era in our national history *Evolution of Government Policy*

Towards Homosexuality in the US Military James Parco, David Levy, 2016-09-17 Throughout history homosexuality has been a complicating factor for men and women electing to serve in the armed forces of the United States The right to serve became increasingly complicated when the Department of Defense responded to congressional legislation in 1993 by adopting a policy that later became known as don't ask don't tell DADT DADT permitted homosexual members to serve in the forces so long as they showed no evidence of homosexual behavior The compromise policy remained in force until Congress passed the

Don't Ask, Don't Tell Repeal Act of 2010 and finally in September 2011 the ban on gay men and lesbians serving openly in the US armed forces officially came to an end. Reflecting on the 20 year period governed by DADT this volume explores the history, culture, attitudes and impacts of policy evolution from the mid 20th Century through to the present day. It not only provides insight to the scholarly field of how the most powerful institution in the world has viewed and dealt with homosexuality as it transitioned into the 21st century but it is also poised to become a seminal collection for researchers in the decades to come. This book was originally published as a special issue of the Journal of Homosexuality. Parco and Levy have produced a fine edited volume dedicated to deepening our understanding of the federal DADT policy. What has resulted is a deep analysis of the federal policies regarding gays and lesbians in the U.S. military. This volume is filled with rich descriptions and analyses written by the very best thinkers about issues pertaining to gays and lesbians in the U.S. military. Parco and Levy not only offer a comprehensive treatment of DADT but their book will stand the test of time and spur additional important research about gay, lesbian, bisexual and queer service members. *The Rise and Fall of DADT* is accessibly written and offers readers a comprehensive understanding of the DADT federal policy and the attendant issues of equity, social justice and ever-changing attitudes about LGBTQ people related to the U.S. military and to the larger American society. John P. Elia, Ph.D., Editor in Chief, Journal of Homosexuality and Professor and Associate Chair of Health Education at San Francisco State University, USA. As Assistant Secretary of Defense for Public Affairs from 2010 to 2012 and the first openly gay senior official to serve at the Pentagon, I was witness to and honored to be an active participant in the historic process that led to the ban on discrimination against lesbian and gay service members, men and women who had been hiding in plain sight while risking their lives to serve their country honorably. In this volume, Jim Parco and Dave Levy provide what is perhaps the most comprehensive account to date of the evolution of US government policy regarding LGBT service members. Their study includes outstanding firsthand narratives by many friends who played central roles in the repeal of Don't Ask, Don't Tell, including Sue Fulton, Jonathan Lee and former Congressman Patrick Murphy. Parco and Levy provide the opportunity for scholars, experts and ordinary citizens from all walks of life to share in those journeys and in the very positive results that were achieved. Douglas B. Wilson, former Assistant Secretary of Defense for the United States.
