Out Of The Box Coaching With The Enneagram:

Out of the Box Coaching with the Enneagram Mary Bast,Clarence Thomson,2014-12-22 When we break out of the box we see something in a radically new light or behave in a totally different way We ve all experienced these turning points at work and in our personal lives We know change is possible But breaking free of life long patterns can be difficult Even when we want to change sometimes we re stuck and don t know how to get unstuck Whether you re a professional coach manager parent teacher counselor or friend to whom people come for advice this book is for you The Enneagram is a brilliant diagnostic tool to help identify nine different ways of viewing the world You ll see the gifts that people of each worldview bring to work and personal relationships You ll also see the flip side nine different inner mindsets that can keep people in a rut When you know the Enneagram you know the one underlying master dynamic pattern that created the rut and where to apply leverage for change This is the only Enneagram coaching book that offers a chapter on how to potential clients can convince themselves they want to hire you and how to ensure ongoing clients will continue with you This fourth edition has three new appendices the vision for all nine Enneagram styles a summary of transformational coaching skills and how to engage new clients The authors lively prose is vivid and illuminating The examples are real and their suggestions are practical They explore and demonstrate the kinds of interventions you can make in precisely the right place to achieve transforming results After reading this book you ll be able to coach people to break out of their boxes Don t be surprised if you find yourself changing too

Techniques for Coaching and Mentoring David Megginson,David Clutterbuck,2004-12-17 The aim of this book is to provide the coach or mentor with a wider portfolio of techniques and approaches to helping others than would normally be gained from practical experience or attending a course In compiling these techniques the authors have drawn on experience from their coaching and mentoring activities and added to these with the help of other experienced professionals within the field They have clustered these into a number of themes which now make up the framework for the main body of this book Techniques for Coaching Mentoring is designed to offer the reader a range of interventions that they can employ when working one to one with others The purpose is to enlarge the range of techniques that you can use in this important work of helping and thus make it more effective the book can be used in a number of ways As general preparation thinking through a range of techniques that you might be faced with in the future and seeing the techniques offered here as extending the range of the possible As specific preparation if you feel stuck with a particular client use the contents index and flicking through the chapters as a means of finding something that may help to unlock possibility for the client As an agenda for a course on coaching or mentoring where the various techniques for different stages can be used as a source for practice

Buddhism and the Enneagram Mary R. Bast, Ph.D., 2014-10-22 We have so many ways to cope with life many ways to worship comfort and pleasantness All are based on the same thing the fear of encountering any kind of unpleasantness Charlotte Joko Beck The Cocoon of Pain Nothing Special Living Zen In these many ways we worship the god of no discomfort and no unpleasantness We become lost in our feverish efforts and lose touch with the life that presents itself to us every moment The Enneagram offers powerful insights into our personality styles but we sometimes forget it is primarily a vehicle for awakening We remain asleep to the degree that we abide by our nine conditional rules of habit I must correct what is wrong take care of others needs achieve and get results regret what is missing in my life understand everything beware of potential problems threats be positive upbeat look to the future be in control respond to others ideas and expectations The Enneagram paths of transformation and the path of satori liberation in Buddhist tradition both recommend letting go of reliance on logic alone in the intuitive search for a new viewpoint realizing the world is not as we've known it to be because our ordinary knowing has been conditioned by life circumstances releasing our habitual behaviors and beliefs and coming to know that everything is relative conditioned and impermanent This small book provides new insights into the spiritual paths of the nine Enneagram styles 1 khanti patience 2 metta loving kindness 3 sacca truthfulness 4 upekkha equanimity 5 dana

generosity 6 sila morality 7 nekkhamma renunciation 8 panna wisdom 9 viriya energy **Going for the Gold** Mary R. Bast, Ph.d., Mary R. Bast Ph D, 2014-10-25 Alchemy may seem a grandiose metaphor for transformational coaching but alchemists believe everything will become more advanced given time the Great Work is simply to speed up that process So why not imagine our Great Work is to help accelerate our clients transformation Now envision the Enneagram as a dynamic vessel within which alchemical processes take place This small book describes nine elements of alchemy and their Enneagram parallels Each element is also vital to the transformation process in all nine
