Intra-African Pentecostalism and the Dynamics of Power Amos B. Chewachong, 2024-10-29 In an era when African Pentecostalism stretches its vibrant mosaic across continents *Intra African Pentecostalism and the Dynamics of Power* examines the pulsating heart of this phenomenon within Africa itself The book explores the complex interplay of faith and power through the lens of Nigeria's Winners Chapel and its expansion into Cameroon What compels a movement to evangelize fervently within its own continent making it both the preacher and the audience The book exposes the reverse missionary flow to the northern hemisphere as a backdrop for a more profound story unravelling within Africa Here the mother church exerts a magnetic pull ensuring fidelity as charismatic leaders like Bishop Oyedepo maintain their spiritual gravitas It is a story not just of spirituality but of strategic moves and socio political undercurrents that shape identities and beliefs Employing rich narratives and rigorous research this book looks in depth at Winners Chapel's transnational missions highlighting the complexities of allegiance identity and the propagation of the prosperity gospel It challenges readers to see beyond conventional religious discourse into the depths where faith intersects with culture and power The book invites us to understand the multi dimensional influence of African Pentecostalism and to grasp the nuances of a faith that is transforming the continent from within

Pentecostalism in Africa, 2014-10-16 Within recent decades Pentecostal charismatic Christianity has moved from an initially peripheral position to become a force to be reckoned with within Africa's religious landscape Bringing together prominent Africanist scholars from a wide range of disciplines this book offers a comprehensive and multifaceted treatment of the ways in which Pentecostal Charismatic movements have shaped the orientations of African Christianity and extended their influence into other spheres of post colonial societies such as politics developmental work and popular entertainment Among other things the chapters of the book show how Pentecostal charismatic Christianity responds to social and cultural concerns of Africans and how its growth and increasingly assertive presence in public life have facilitated new kinds of social positioning and claims to political power

Outline History of Churches in the Diocese of Osun (Anglican Communion), 2007

Rediscovering Jesus in Our Places Elia Shabani Mligo, 2020-05-28 The question of contextual theology and its relevance to Africa in this time of globalization whereby there are rampant uncontrolled changes in cultures technologies economic policies and even people's religious lives is very urgent How is contextual theology relevant in the ever changing contexts of the church in Africa Indeed there are a number of challenges which contextual theology faces within the church in Africa which need to be addressed contextually Some such challenges include poverty rampant violence homosexuality alcoholism the resurgence of prosperity gospel materialistic prophets and incurable illnesses like Ebola HIV and AIDS and the current coronavirus COVID 19 However which context in Africa Context in Africa as in other parts of the world is always in flux it is complex and fluid There is no permanent context The experience of Jesus in such a changing context needs to be rediscovered depending on what transpires in each particular place at a particular time This

book addresses some of the overarching challenges that face contextual theology and how such challenges should be addressed by the church in Africa in contemporary ever changing context for it to be relevant in Africa It also highlights the need to move from liberation and inculturation theologies to reconstruction theology in dealing with the challenges of the current church Hence the book is important to students and scholars engaging in practical systematic biblical and contextual theologies in all their branches

The Nigerian Journal of Sociology and Anthropology ,2007 **Dynamics of Distancing in Nigerian Drama** Nadia Anwar,2016-07-05 Nadia Anwar analyzes selected post independence Nigerian dramas using the conceptual framework of metatheatre a theatrical strategy that foregrounds the process of play making by breaking the dramatic illusion She argues that distancing as a function of metatheatre creates a balanced theatrical experience and environment in terms of the emotive and cognitive levels of reception of a particular performance Anwar s book is the first in depth study to apply the concept of metatheatre to Nigerian drama She brings the perspectives of Bertolt Brecht Thomas J Scheff and other theoreticians of dramatic distancing to the analysis of plays by authors such as Wole Soyinka Ola Rotimi Femi Osofisan Esiaba Irobi and Stella Dia Oyedepo

Nigerian Pentecostalism and Development Richard Burgess,2020-04-06 This book examines the contributions both intentional and unintentional of Nigerian Pentecostal churches and NGOs to development studying their development practices broadly in relation to the intersecting spheres of politics economics health education human rights and peacebuilding In sub Saharan Africa Pentecostalism is fast becoming the dominant expression of Christianity but while the growth and civic engagement of these churches has been well documented their role in development has received less attention The Nigerian Pentecostal landscape is one of the most vibrant in Africa Churches are increasingly assuming more prominent roles as they seek to address the social and moral ills of contemporary society often in fierce competition with Islam for dominance in Nigerian public space Some scholars suggest

that the combination of an enchanted worldview an emphasis on miracles and prosperity teaching and a preoccupation with evangelism discourages effective political engagement and militates against development However Nigerian Pentecostalism and Development argues that there is an emerging movement within contemporary Nigerian Pentecostalism which is becoming increasingly active in development practices This book goes on to explore the increasingly transnational approach that churches take often seeking to build multicultural congregations around the globe for instance in Britain and the United States Nigerian Pentecostalism and Development Spirit Power and Transformation will be of considerable interest to scholars and students concerned with the intersection between religion and development and to development practitioners and policy makers working in the region *New Encyclopedia of Africa* John Middleton,2008 Contains a collection of alphabetically arranged entries from Taboo and Sin to Zubayr on the history geography culture religion and ideologies wars and economy of the African nations and includes essays photographs thematic outline chronology and an appendix of individual ethnic groups
