Mother From Hell Two Brothers A Sadistic Mother A Childhood Destroyed:

Mother From Hell Kenneth M. Doyle, Patrick Doyle, 2012-10-15 Kenneth and Patrick Doyle grew up in a family of nine children in Tullamore Co Offaly Though the home was dysfunctional and all the children suffered at the hands of their parents Kenneth and Patrick were singled out for horrific abuse at the hands of their mother Starved beaten and sent out to steal their story is a catalogue of abuse It also implicates the authorities who had pages upon pages of reports on their situation and yet never stepped in

Sworn to Silence Brendan Boland, Darragh MacIntyre, 2014-07-28 It was March 29th 1975 when Brendan Boland was summoned to give evidence to a secret canonical inquiry The altar boy had just celebrated his 14th birthday He had been abused for almost three years by a priest who would become Irelands most notorious paedophile Now the church wanted to know exactly what happened Brendan told them everything Sworn to Silence is the story of one boy s quiet determination to stop wrongdoing It is a story which the Irish Catholic church kept secret for almost four decades the story of Brendan Boland This compelling and important book will present a candid and often moving first hand account of events by Boland

Childhood and After Susan Isaacs, 2013-10-08 This volume consists partly of a selection of technical psycho analytical studies partly of papers which either touch upon the bearing of psycho analysis on the upbringing and education of young children or link their social and emotional life with their intellectual and practical needs Most of these essays deal with children in any case they rest upon the relationship between childhood and adult life as for example The Modifications of the Ego where it can be clearly seen that it is not possible to understand the adult without going back to the feelings phantasies and experiences of the infant In The Criteria of Interpretation there is very little reference to children the paper being concerned with psycho analytic work with adults but the same implications will be seen there also In the nature of the case some of the essays are more popular than others but I hope that none of them will be found so technical as to be devoid of interest to those concerned with the psychological problems of little children Those previously published have not been changed save for a few minor verbal alterations They are arranged simply in order of publication or delivery if previously unpublished This edition first Published in 1999 Routledge is an imprint of Taylor Francis an informa company

Psychoanalytic and Spiritual Perspectives on Terrorism Nina E. Cerfolio, 2023-12-22 Nina E. Cerfolio masterfully explores the deeper spiritual and psychoanalytic understanding of the origins of human aggressive and destructive instincts which underlie mass shootings and terrorism. The author survived two terrorist attacks, developing breast cancer from being a first responder at 9/11 and being poisoned by an FSB agent while providing humanitarian aid in the Second Chechen War. Through a personal scholarly investigation into her psyche, the author describes the spiritual awakening that was catalyzed by these events and their traumatic impact and examines how a world could create the firmament for the kinds of destructive aggression that are a daily occurrence. Featuring cutting-edge quantitative research and case material which illustrates the prevalence of undiagnosed and untreated psychiatric illness among mass shooters and terrorists, this book encourages dialogue about the stigma of mental illness and challenges the perception of terrorists as monsters with no societal responsibility. Championing the forgotten collective humiliation of the marginalized which in turn breeds terrorism and documenting a new spiritual lens through which healing is possible, this book will be essential reading for mental health workers and anyone wishing to understand the traumatizing epoch in which we are living.
