Mothers Monsters Whores Womens Violence In Global Politics:

Mothers, Monsters, Whores Laura Sjoberg, Caron E. Gentry, 2013-07-04 A woman did that The general reaction to women's political violence is still one of shock and incomprehension. *Mothers Monsters Whores* provides an empirical study of women's violence in global politics. The book looks at military women who engage in torture, the Chechen Black Widows, Middle Eastern suicide bombers and the women who directed and participated in genocides in Bosnia and Rwanda. Sjoberg and Gentry analyse the biological, psychological and sexualized stereotypes through which these women are conventionally depicted, arguing that these are rooted in assumptions about what is appropriate female behaviour. What these stereotypes have in common is that they all perceive women as having no agency in any sphere of life, from everyday choices to global political events. This book is a major feminist re-evaluation of women's motivations and actions as perpetrators of political violence.

Beyond Mothers, Monsters, Whores Caron E. Gentry, Laura Sjoberg, 2015-08-15 *Beyond Mothers Monsters Whores* takes the suggestion in *Mothers Monsters Whores* that it is important to see genderings in characterizations of violent women and to use critique of those genderings to retheorize individual violence in global politics. It begins by demonstrating the interdependence of the personal and international levels of global politics in violent women's lives but then shows that this interdependence is inaccurately depicted in gender subordinating narratives of women's violence. Such narratives, the authors argue, are not only normatively problematic on the surface but also intersect with other identifiers such as race, religion and geopolitical location.

Explaining Sexual Violence During Civil War Dara Kay Cohen, 2010 *Feminist Collections*, 2008 *Global Politics* Ben Whitham, Andrew Heywood, 2023-03-31 In turbulent global times, your study of this subject is increasingly necessary and urgent. Featuring a new chapter on critical theories and revised to take a less Eurocentric approach to concepts and case studies, this new edition allows you to tackle global politics' important concepts, debates and problems. How can theories help us to understand the politics of a global pandemic? Do we live in a post-truth world of fake news and disinformation? Does international aid work? Does the United States remain a global hegemon? What is the Anthropocene and how does it shape global politics? Are global politics constrained by a North-South

divide What are the possible futures of global politics and the politics of outer space Delving into topics as diverse as anarchy intersectionality Confucianism and neoconservatism boxed features give you confidence in political analysis Focus on learn more about the global colour line or the tragedy of the commons Key figures discuss the ideas of Hans Morgenthau Frantz Fanon or bell hooks Debating argue whether the United Nations are obsolete or whether nuclear weapons promote peace Global politics in action apply your learning to the migration crisis in Europe or the Arab Spring Approaches to consider human rights or the Covid 19 pandemic from the perspective of realist liberal postcolonial Marxist feminist constructivist and post structuralist theory Global actors understand the significance of Black Lives Matter Amnesty International or the International Monetary Fund Spanning the development of global politics from the early origins of globalization through to the return of multipolarity in the twenty first century this is an essential text for undergraduates studying global politics and international relations

Petro-sexual Politics Heather M. Turcotte,2008 **Criminal Law Forum** ,2016 *Identity and Conflict in Tuscany* Silvia M. Ross,Claire E. Honess,2015

This volume represents a targeted exploration of the theme of identity and conflict in the context of Tuscan Studies an exploration which is enriched by the diverse disciplinary perspectives encompassed history literature linguistics The essays which span the period from the nineteenth century to the present examine conflict in terms of war but also as a form of struggle between different demographic groups or conflict based on gender and identity politics This collection thus signals an original mode of analysis of the region while drawing on the proven interest both scholarly and popular in its history literature language art and society

Gender and Crisis in Global Politics Laura Sjoberg,2018-02-02 The global political arena is again in a time of crisis Different sources pay attention to different crises the Global Financial Crisis the Debt Crisis the Crisis of ISIL Daesh in Iraq and Syria the Crisis of Israel and Palestine and the Iran Nuclear Crisis have gotten significant attention in media coverage of global politics But those are not the only crises that scholars and practitioners discuss Environmentalists warn of ecological crisis health scholars warn of disease crises cyber security experts suggest a coming information crisis and migration experts warn of population crises Feminist work on global politics has addressed many of these crises historical and contemporary in crisis language and without it as well as a number of the non crises that looking for women and gender in the international arena draws into focus That work however had generally not explicitly theorized the conceptualization of crisis its gendered dimensions and or gender based crises as such Across this book feminist conversations about crisis in global politics suggests that a single feminist approach to definition of or politics of crisis is impossible to find That same variety of work though makes a strong case that paying attention to crises in the world and to the manufacture of crisis rhetoric alongside events in global politics is not only generally important but an important place for feminist scholarship feminist political activism and direct attention This book was previously published as a special issue of the International Feminist Journal of Politics

Gender and International Security Laura Sjoberg,2009-10-16 This book defines the relationship between gender and international security analyzing and critiquing international security theory and practice from a gendered perspective Gender issues have an important place in the international security landscape but have been neglected both in the theory and practice of international security The passage and implementation of UN Security Council Resolution 1325 on Security Council operations the integration of gender concerns into peacekeeping the management of refugees post-conflict disarmament and reintegration and protection for non-combatants in times of war shows the increasing importance of gender sensitivity for actors on all fronts in global security This book aims to improve the quality and quantity of conversations between feminist security studies and security studies more generally in order to demonstrate the importance of gender analysis to the study of international security and to expand the feminist research program in Security Studies The chapters included in this book not only challenge the assumed irrelevance of gender they argue that gender is not a subsection of

security studies to be compartmentalized or briefly considered as a side issue Rather the contributors argue that gender is conceptually empirically and normatively essential to studying international security They do so by critiquing and reconstructing key concepts of and theories in international security by looking for the increasingly complex roles women play as security actors and by looking at various contemporary security issues through gendered lenses Together these chapters make the case that accurate rigorous and ethical scholarship of international security cannot be produced without taking account of women s presence in or the gendering of world politics This book will be of interest to all students of critical security studies gender studies and International Relations in general Laura Sjoberg is Assistant Professor of Political Science at the University of Florida She has a Phd in International Relations and Gender Studies from the University of Southern California and is the author of Gender Justice and the Wars in Iraq 2006 and with Caron Gentry Mothers Monsters Whores Women s Violence in Global Politics 2007

The Depiction of Women as Monsters and Love as a Dependency

in Cradle of Filth's works Anna Jenatschke, 2017-11-16 Studienarbeit aus dem Jahr 2016 im Fachbereich Didaktik f r das Fach Englisch Literatur Werke Note 1 3 Friedrich Alexander Universit t Erlangen N rnberg Institut f r Anglistik und Amerikanistik Veranstaltung Hauptseminar British Heavy Metal Performance and Theatricality Sprache Deutsch Abstract Cradle of Filth singer Daniel Lloyd Davey repeatedly referred to the lyrics of his texts as dark fairy tales in interviews As song titles such as Devil Woman and Nymphetamine or album titles such as Cruelty and the Beast imply one of the central themes in the band s lyrics are monstrous women often possessing supernatural powers such as witches nymphs or vampires This paper will analyse the way women and the topic of love are presented in Cradle of Filth texts and argue that by de humanizing women and inverting traditional gender roles women are presented as monstrous creatures to whom men are subordinate Love is depicted as a dependency that men cannot escape Furthermore the paper will show in what way the dehumanisation of women operates and critically discuss to what degree this undermines or confirms patriarchal gender ideologies According to Eckstein song lyrics cannot be studied without taking sonic and videographic aspects into account Lyrics and poetry are similar they both employ verbal language often using characteristic rhetorical and stylistic devices to tell tales in the ballad tradition to propose ideas about life and the world sometimes to illustrate the limits of language in negotiations between subject and world Yet they are also different in at least one respect while the voice in poetry is generally perceived as an internalised one encoded in the medium of writing the voice of lyrics is by definition external Lyrics this is to say cannot be conceived outside of the context of their vocal and musical actualisation i e their performance The primary material of the analysis will be the lyrics of Cradle of Filth s songs Nymphetamine and Gabrielle in conjunction with the musical realisation of both songs Furthermore aspects of the official music video of Nymphetamine and the album cover of Darkly Darkly Venus Aversa are taken into account The different media will be related and contrasted to each other and the meaning potential analysed For the textual analysis a close reading combined with a gender perspective were chosen as critical approaches and

were supplemented by interdisciplinary theories about the representation of monsters and monstrous women in particular. Though the core of the analysis is based on literary criticism, concepts of musicology and cultural studies are taken into account and discussed together with the textual analysis.
