DSLR Launched at the end of 2018 it's effectively an update to the evergreen Nikon D3400 a starter DSLR that's been a long term favorite. There haven't been many changes and it's unlikely you'd want to upgrade your old D3400 or D3300 before it to the new D3500 but this refresh is enough to keep it in our list of the best cameras for beginners and best student cameras. The D3500 isn't just Nikon's cheapest and simplest DSLR it's also its lightest weighing just 415g body only and that's with the battery and a memory card. It will usually come with a lightweight 18-55mm AF-P kit lens which has a retracting mechanism to make it more portable when it's not switched on. It's not quite as small as a mirrorless camera but it's light, fast enough and cheap enough to prove that there's life in the DSLR design yet. This camera is designed specifically for beginners with simplified controls and a built-in Guide Mode to help new users learn the basics. A user guide is very important since it will give you all information and also guideline to use any device and this Nikon D3500 user manual has been specifically designed to help you understand the functions and features of your camera. This includes a setup guide, expansion tips, experiences and troubleshooting information to help you get the best out of it. Here is a preview of what you will learn:
