

Form Mode: Content entry form

This screenshot shows a content entry form in Form Mode. It includes fields for Name, Description, and various checkboxes and dropdowns. A large text area for notes is present at the bottom, with a note about the notes being stored in the CM system database.

Developers use the WebCenter Sites data model to create content entry forms which contributors will then populate with content.

Web Mode: Web page view of a content entry form

This screenshot shows a content entry form in Web Mode, displayed as a web page. It includes a large image of a snowy mountain, a sidebar with a ski mask icon, and a main content area with text and links. A note at the bottom indicates that content is stored in the CM system database.

Developers create JSPs that render content in Web Mode, which displays the web page view of a content entry form, allowing for in-context editing.

Content entered into the content entry form (in Form Mode or Web Mode) is stored as a record in the CM system database.

The code (JSPs) that renders the content is stored in a file system.

Research Handbook on Shareholder Inspection Rights Randall S. Thomas, Paolo Giudici, Umakanth Varottil, 2023-05-09 Shareholder inspection rights form an important tool for shareholder protection. They offer shareholders seeking information private access to specific books and records of the company that are otherwise not publicly available. While there has been a discourse on the topic in some jurisdictions such as Delaware USA it has not received scholarly treatment at an international level. This Research Handbook seeks to alter that and signifies the first endeavor to engage in a comprehensive and comparative analysis of shareholder inspection.

Competitiveness and Private Sector Development

Competitiveness in South East Europe 2021 A Policy Outlook OECD, 2021-07-05 The future sustainable economic development and well being of citizens in South East Europe depend on greater economic competitiveness. Reinforcing the region's economic potential in a post COVID 19 context requires a holistic inclusive and growth oriented approach to policy making.

Practical Gastrointestinal Pathology Hanlin L. Wang, Zongming Eric Chen, 2020-12-05 This book addresses practical issues that reflect the current landscape of GI pathology practice and is organized in such a way that fits the fast

pacing daily life of practicing pathologists. It contains more than 540 questions that address difficult, prevailing and controversial issues in GI pathology that are frequently encountered in daily practice and consult service. For most questions, answers are straightforward with ample literature support. However, true diagnostic controversies and clinical dilemma cannot be easily resolved with current knowledge and available information. To such challenges, an expert approach regarding how to synthesize complicated topics and clearly communicate the thinking process is valuable to readers and can help guide clinicians making optimal treatment plans for their patients. The latter types of answers are highly enriched throughout the book. Distinct from other existing GI pathology textbooks, this book is primarily organized according to disease entities and pathological processes instead of specific organs and anatomic locations. Guided by chapter titles and listed questions, readers should be able to look up a disease or a pathological feature and find the most important and relevant diagnostic criteria and pertinent differential diagnoses. Written by experts in the field, *Practical Gastrointestinal Pathology* provides easy and quick access to concise evidence-based and up-to-date information to aid accurate diagnosis and serves as a useful resource for practicing pathologists, pathology trainees and GI clinicians as well as allied health professionals who frequently deal with GI pathology. [A Primer on Corporate Governance](#) Sibel Yamak, Bengi Ertuna, 2017-03-22. A Premier on Corporate Governance Turkey takes an in-depth and comprehensive assessment of corporate governance in Turkey at a cross section in time when the country is going through major multidimensional transformations. Structural characteristics of its economy and the historical antecedents of corporate governance are provided to the readers as a background in the first part of the book. External and internal mechanisms of corporate governance are built on this background. Legal system of the country, its company laws, regulatory authorities and the state of the market for corporate control as well as the socio-cultural norms, ways of doing business and the Turkish code of good governance are examined as the external mechanisms shaping the corporate governance practices of companies in the context. Internal control mechanisms analyzed in this book include the characteristics of the board of directors, ownership structure and management teams of Turkish companies. In conclusion, the authors discuss current and future corporate governance challenges in the Turkish business context. Public Health Crisis Management and Criminal Liability of Governments

Michael Bohlander,Gerhard Kemp,Mark Webster,2023-06-15 This book addresses potential avenues of criminal liability for public health crisis management in the context of the COVID 19 pandemic under national and international criminal law especially for causing death and bodily harm The national case studies are geographically representative and follow a common research grid Each national case study is prefaced by an overview of the detection and subsequent spread of the pandemic in the country concerned The relevant legal and constitutional frameworks that governed the government and corporate conduct in the face of the pandemic are also discussed followed by the consideration of forms of criminal liability Government responses to the COVID 19 pandemic differed vastly in terms of both the choice of strategies adopted herd immunity test and trace lockdown etc and the quality and speed of government implementation of those strategies and associated interventions Both factors impacted the number of infections and casualties It is therefore appropriate to consider forms of criminal liability for failure of individual members of government including specific public authorities to act to the best of their abilities as timely as possible and in accordance with expert advice

Inequality Studies from the Global South

David Francis,Imraan Valodia,Edward Webster,2020-05-04 This book offers an innovative interdisciplinary approach to thinking about inequality and to understanding how inequality is produced and reproduced in the global South Without the safety net of the various Northern welfare states inequality in the global South is not merely a socio economic problem but an existential threat to the social contract that underpins the democratic state and society itself Only a response that is firmly grounded in the context of the global South can hope to address this problem This collection brings together scholars from across the globe with a particular focus on the global South to address broad thematic areas such as the conceptual and methodological challenges of measuring inequality the political economy of inequality in the global South inequality in work households and the labour market and inequalities in land spaces and cities The book concludes by suggesting alternatives for addressing inequality in the global South and around the world The pioneering ideas and theories put forward by this volume make it essential reading for students and researchers of global inequality across the fields of sociology economics
