**Patton** J. Furman Daniel,2020-04-03 General George S Patton Jr is one of the most successful yet misunderstood figures in American military history Despite the many books and articles written about him none considers in depth how his love of history shaped the course of his life In this thematic biography Furman Daniel traces Patton s obsession with history and argues that it informed and contributed to many of his successes

both on and off the battlefield Patton deliberately cultivated the image of himself as a warrior from ages past the more interesting truth is that he was an exceptionally dedicated student of history He was a hard worker and voracious reader who gave a great deal of thought to how military history might inform his endeavors Most scholars have overlooked this element of Patton s character which Daniel argues is essential to understanding the man s genius *The Literary Review* ,1993
