Miller 6th Edition Review Orthopaedics:

Miller's Review of Orthopaedics Mark D. Miller, MD, Stephen R. Thompson, MD, MEd, FRCSC, 2015-12-16 For nearly a quarter century Miller's Review of Orthopaedics and the accompanying annual Miller Review Course www.MillerReview.org have been must have resources that residents and practitioners have turned to for efficient and effective exam preparation. This 7th Edition continues to provide complete coverage of the field's most tested topics now reorganized to be more intuitive, more user friendly and easier to read. Numerous study aids help you ace your exams: a superb art program including full color tables, images and pathology slides; improved concise bulleted text design; testable facts in every chapter; multiple choice review questions written by experts in the field; and much more. Video clips and SAQs available online for easy access. Content and topic emphasis are fully aligned with the ABOS American Board of Orthopaedic Surgery and OITE Orthopaedic In Service Training Exam exams, giving you the confidence you need to prepare for certification and recertification. Completely revised sections on anatomy, spine and tumors along with input from many new authors keep you fully up to date. An increased emphasis on imaging along with the most current results and techniques ensure that you're prepared for today's exams. Includes new coverage of femoroacetabular impingement, spine trauma, common medications used in orthopaedics and recent advances in basic sciences. Expert Consult eBook version included with purchase. This enhanced eBook experience allows you to search all of the text, figures, images and references from the book on a variety of devices.

Fundamental Orthopedic Management for the Physical Therapist Assistant - E-Book Robert C. Manske, 2021-07-15 NEW Updated content and references are added throughout the book to reflect changes in practice patterns. NEW Expanded full color illustrations add clarity to anatomy and procedural drawings and make it easier to learn important concepts. NEW Updated chapter summaries highlight essential need to know information. NEW Updated educator and student resources on the Evolve website provide tools to make teaching and learning easier.

Orthopaedic Surgery Examination and Board Review Manish K. Sethi, 2015-11-22 Prepare for your orthopaedic surgery board exams with confidence with this all in one review complete with 1000 board style questions. Orthopaedic Surgery Examination and Board Review is the ideal study guide when you need to prep for the primary and recertification exams in orthopaedic surgery. Presenting more than 1000 board style questions, the book mirrors the content of the actual AAOS exam so you have the opportunity to experience the exam before you actually take it. This practical study guide is key to exam success. Surgical case studies that cover all topics and specialty areas of the orthopaedic surgery board exams. Detailed explanations for most answers that cover not only why an answer is right but also why the other answers are wrong. Color photographs and illustrations to complement the text. Written not only to help you pass your exams but also to update your knowledge of orthopaedic surgery with state of the art information.
