

## The Case of the Vanishing Valuables

Detective Bree Cody staked out the Jewelry Emporium because there had been some thefts recently. As she watched, a pale light moved around inside the store. She signaled the other officers and they rushed into the building. They found...nothing. Whoever had been there had vanished. No one was seen entering or leaving the building.

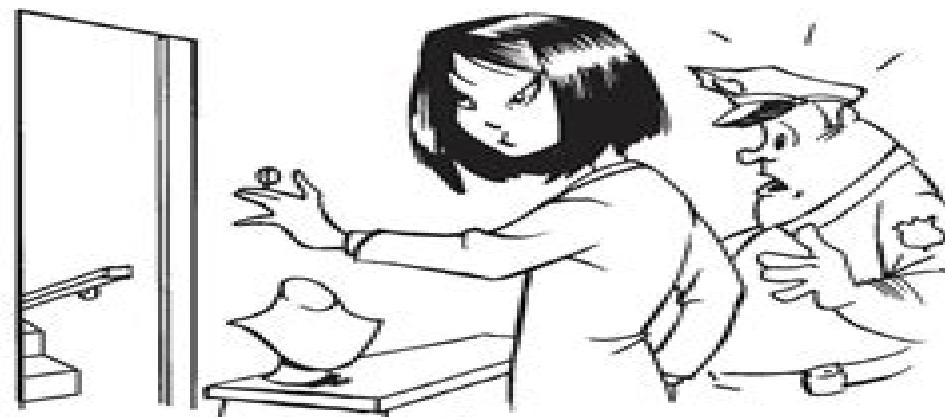

The next night, officers again staked out the store. Again, the mysterious light danced around inside the darkened shop. The detectives hurried inside and found...no one. Bree inspected the entire store from floor to ceiling. She found a tiny button on the back wall. When she pressed it, a panel slid aside to reveal a narrow stairway.

The following day, Cody went to the front door of the apartment above the jewelry store. A mean-looking man with a gruff voice answered her knock. "What do you want?" he demanded. Cody introduced herself as a police officer. She told him that some jewelry had been stolen from the Jewelry Emporium. Bree asked if she could look around the apartment.

"Sure," sneered the man. "You won't find nothin'."

Bree went to the closet. As she ran her hand over the walls of the closet, she found a secret door. The door opened into a small, hidden room cluttered with expensive jewelry and other stolen goods. Cody used a small magnifying glass to examine the other three walls of the closet. As she suspected, Bree found a tiny button.
