**Essentials Made Easy** Nolan N. Rivers,2023      [Cisco Networking Essentials](#) Craig Berg,2020-06-16 Are you looking to get started with your journey to getting Cisco certified or merely want to increase your knowledge of networking to build on your IT skills and boost your career or business? Are you looking for a guide that breaks down the seemingly complex topic of computer networking into simple digestible content that you can start applying right away to set up, manage and troubleshoot computer networks with confidence? If you've answered YES, keep reading. You Are About To Develop More Than Average Level Knowledge Of Cisco Networking. You know the benefits of getting CCNA certification in the current tech industry that is openly hungry for network professionals. You know that you would easily get promoted for having practical Network skills or land yourself a job in a better paying Cisco partner company and other businesses. You also know that networking job demand is growing exponentially each year with a projected rate of 26% in 2020 alone. You know all that. But have you felt intimidated by the whole process of learning networking and even wondered whether you'd make it through a couple of weeks? Perhaps you're not an IT professional but desire to learn network hardware maintenance and management to improve your life in aspects like security, business efficiency or for self-fulfillment but don't have a clue about where to begin. Then keep reading as I have the perfect solution for you to get started with networking the right way. This book is a simple, straightforward and concise beginners guide to computer networking and is what you've been looking for. This book recognizes that the first step to becoming a real network professional is having a solid foundation of networking essentials and its valuable content is woven based on that understanding.
