**The Everything Token** Steve Kaczynski, Scott Duke Kominers, 2024-01-25  
NFTs cause excitement and skepticism. How much value can a token hold? What drives this value? To properly appreciate NFTs we must first understand what they actually are, how they work and in what contexts they are used. **The Everything Token** is an essential primer on NFTs non fungible tokens explaining their use purpose and how businesses can create and exploit them to develop new product lines building customer loyalty and increased revenues at the same time. Together the authors have spent much of the past few years embedded in NFT communities and helping launch NFT products. As self described beta testers of this brand new technology they've seen its power first hand and aim to educate others on the importance uses and purpose of NFT and surrounding ever evolving technologies. Demystifying the complexities two experts in NFTs show why we should take NFTs much more seriously than their reputation as fun digital art collectibles suggest. They have a wider variety of uses than one may realise. Gripping and accessible this book provides a guide and an insight into what can often be a hard to grasp area of technology.
